The 2020 Town of Tilton Annual Report is Dedicated to

Judy Tilton

Judy Tilton has always had a presence around the Town of Tilton. Whether it was back in the 1990's when she had a flower shop downtown, ran a transportation business moving Sant Bani Press products among other things, or operating a preschool/daycare. Soon she opened a real estate office on West Main Street and sold many properties in the area. Then a bakery opened where Judy made special order cakes and confectionery products. Judy's next bold move was to work on starting a charter school, Compass Classical Academy currently located in Franklin. Judy worked with her Board of Trustees to purchase a 100 acre property on the Sanbornton/Tilton line to build a brand new facility to house Compass Classical Academy.

Judy has been a long serving member on the Planning Board as well as a Supervisor of the Checklist. Judy was part of the Tilton 150th Celebration Committee that planned our 150th anniversary.

Judy has selflessly contributed to our Town for many, many years in many, many ways. She is not one to sit back and let others do the work. With all this on her plate, she finds the time to be a loving and caring mother, grandmother, and wife. In addition she devotes lots of time to her four-legged family. Judy's sincere empathy and big heart find her providing an ear to anyone needing to talk, a ride to the airport at 3 a.m., a tow if you are stuck in the mud, or a ride to a meeting. Judy is always there. We are very lucky to have Judy in our community, and we cannot express our gratitude enough.

Thank you Judy, for being a great role model and a selfless example of citizenship.

In Memoriam

Allison Hartwell Stewart

On September 28, 2020, Tilton lost a fixture in our community. Allison Hartwell Stewart was the driving force behind the concerts on Island Park. In 1992, after the passing of her mother Savina Hartwell, her father Alan Hartwell began to stage concerts on the Island in her memory. Allison helped make the concerts a resounding success and with her father's passing in 2011, Allison promised to continue and made the concert series into what it is today. She had a passion for music and wanted to share it with everyone. She loved to travel and Tilton was one of her favorite places, coming here with her parents every summer. Allison always had a bright smile, great sense of humor, a kind nature and adventurous spirit. She was always willing to help the town in any way she could. She loved classic cars and could be seen at local car shows with her husband Titus and their three daughters: Lianna, Catherine and Victoria. She loved to cook and entertain. One of her favorite expressions was "If you leave my house hungry it's your own damn fault". Allison's contribution to our town can not be overstated. Over the years, thousands of

people have gathered on the island during the summer to laugh, dance and listen to local musicians. Memories were made and a good time was had by all. Allison Hartwell Stewart made the world a better place for having been a part of it. Her generosity will not be forgotten. The Stewart family looks forward to the community's continued support to present the island concerts and hope to see you there. Thank you Allison.

In memoriam

Tilton Veterans Home Residents

The past year has been very challenging for the Tilton Veterans Home. Due to an outbreak of Covid 19/coronavirus, thirty nine of our most vulnerable population have perished. Many thanks to the staff who worked diligently against tough odds to stop the virus. Although quickly contained, the damage was done. In the end, those who fought our battles have lost theirs. This tragic loss is overwhelming. To all of our veterans we thank you for your service. To the Veterans Home staff we thank you for your tireless efforts. To those who perished, we salute you.

Selectmen's Report

This past year has seen us presented with a unique set of challenges. With Spring came the pandemic and everything changed. The terms mask mandate, quarantine, social distancing and remote learning have come into our daily lives. There has been hardship for many and sometimes we have struggled, but we have persevered. Our Town voting and business meeting were conducted safely and on time. The Island Concerts were held in a safe manner and were a highlight for so many. We broke ground on our new police station. This facility will provide a safe, professional headquarters for the dedicated women and men tasked with keeping us safe well into the future. The Senior Center staff and volunteers have gone above and beyond their duties to make sure that our Seniors have not been forgotten. They have distributed meals, done safety checks and provided transportation to some of our most vulnerable populations. Our Public Works Department has continued to work diligently. Amongst other things they have been busy maintaining the roads and sidewalks and making changes to the transfer station. They put up the Christmas decorations downtown, put up flags along route 3 and have kept our fleet of cars, trucks and equipment in good working order. The Town Hall staff has been met with numerous changes to procedures. From being open by appointment only to working remotely, they have consistently risen to the challenge. They took it upon themselves to paint murals and decorate the trees downtown. They coordinated our "Trunk or Treat" celebration held on Main Street. They secured grants to help defray the costs of the new police station and to help with the restoration of the bridge to the island. They have devised ways to get vital services to those most in need and keep the business of the Town moving forward in as safe a manner as possible for residents and employees. To all of our Town employees and volunteers we thank you. To all of our Veterans we thank you for your service.

We mourn those whom we have lost but they will not be forgotten. As disruptive as the last 12 months have been, there is hope on the horizon. With luck and a lot of cooperation we will get through this together as a community.

Sincerely,
Joseph Jesseman, Chairman

TOWN OF TILTON 2020 TOWN WARRANT

The 2020 Town Elections were held at the Winnisquam Regional High School Gymnasium on Tuesday March 10, 2020. The Town Clerk along with Assistant Moderator Helen Hanks verified that the ballot box was empty and the tape was zeroed before securing. Ballot Clerk Linda Burns moved the meeting to the floor, seconded by Helen Hanks. Moderator Charles Mitchell declared the polls open at 8:00 a.m. And then lead the assembly in the Pledge of Allegiance. Absentee ballots were processed at 10:00 a.m. As posted, 6 in total. At 7:00 p.m. The Moderator called for a motion to declare the polls closed, Joseph Jesseman moved to close the polls and recess Town Meeting until Saturday March 14, 2020, 2nd by Linda Burns. The polls were declared closed at 7:00 p.m. With 2828 voters on the checklist 258 Ballots were cast including 3 new voters.

Article 1. To choose all necessary Town Officers for the ensuing year as presented on the ballot prepared for the same.

For Selectman: 3 yr term vote for 2

Eric Pyra 127 Stanley Brown 26
Jonathan Scanlon 139 Lynn Marcoux 60
Jason Wright 84

For Supervisor of the Check List: 6 yr term Vote for 1

Judy Tilton 227

For Trustee of the Trust Fund: 3 yr term Vote for 1

Jane Alden 222

For Town Clerk Tax Collector: 3 yr term vote for 1

Cindy Reinartz 217

For Sewer Commission: 3 yr term Vote for 1

Peter Fogg 203

For Moderator: 2 yr term Vote for 1

Charles Mitchell 223

For Library Trustee: 3 yr term – Vote for 1

Carol Carignan 213

For Budget Committee: 3 yr term Vote for 1

Katherine Dawson 206

Article 2. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance to amend Articles 11.11.1, 11.11.2.1, & 11.11.2.2 to specify the requirements for Home Businesses? (Home Businesses) **Yes 156 No 82**

A motion to reopen Town Meeting on Saturday March 13, 2020 was made; seconded by Katherine Dawson. The moderator, Chuck Mitchell, explained the Town Meeting was opened on Tuesday and then adjourned until Saturday. A voice vote was taken. The motion passed unanimously, and the Town Meeting was reopened.

Moderator Mitchell requested that everyone silence their cell phones. He then led the people in the Pledge of Allegiance. Moderator Mitchell thanked the 252 people who voted on Tuesday, the Select Board members who were present, the supervisors of the checklist, the Town Clerk, and the ballot clerks. Moderator Mitchell thanked everyone for attending the Town Meeting. He encourages everyone to not shake hands but to use the elbow bump greeting, and to keep proper social distancing due to the Covid-19 pandemic. Moderator Mitchell introduced three assistant moderators, Linda Burns, Bob Hardy, and Scott Davis. He explained that Helen Hanks, who is usually the assistant moderator, is not present as there was an unexpected death in the Hanks family. Moderator Mitchell reminded people when voting with a voter card, they must be inside the back railing. Non-townspeople who are not registered voters should be seated in the corner by the railing. Moderator Mitchell thanked the people for re-electing him to his sixth term. Jon Scanlon introduced the Select Board members, the Town Administrator, and the Town Financial Officer. Jane Alden introduced the Budget Committee members.

Moderator Mitchell reviewed the rules for the meeting. He then asked for a motion to accept the moderator's rules as printed. The motion was made by Pat Consentino and seconded by Jerry. A voice vote was taken, and the moderator stated the moderator's rules have been accepted. Moderator Mitchell then reviewed the procedures

for voice voting and ballot voting. Moderator Mitchell reminded all newly elected officials to report to the Town Clerk immediately after the meeting to be sworn in.

Article 3. To see if the Town will vote to raise and appropriate the sum of Four Million Seven Hundred Sixteen Thousand Five Hundred and Eighteen Dollars (\$4,716,518) for the purpose of building a new police station in Tilton; Four Million Seven Hundred Sixteen Thousand Five Hundred and Eighteen Dollars (\$4,716,518) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq. as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, and accept any donations towards this purpose, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof and further, to raise and appropriate the sum of Thirty Seven Thousand Two Hundred and Twelve Dollars (\$37,212) for the 2020 payment of interest; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto. ***This article is recommended by the Selectmen and the Budget Committee.*** (A 2/3 Ballot Vote Required.)

Moderator Mitchell read Article 3 as presented. Pat Consentino made a motion to adopt Article 3 as proposed, seconded by Kevin LaChapelle. Pat Consentino introduced the members of the Police Building Study Committee: Chuck Drew, Tom Damon, Ken Dame, Eric Pyra as vice chair, and Kevin LaChapelle as Chair. She also stated Brian and David from Milestone Construction and the architect are present to answer questions. Pat Consentino yielded her time to Kevin LaChapelle. Mr. LaChapelle also wanted to thank Jason Wright for all of his hard work.

Moderator Mitchell stated that Kevin LaChapelle has requested a little extra time to make a presentation. Kevin stated it has been two and a half years that the committee has conducted different public meetings, and he wanted to recognize Jason Wright's hard work and valuable input to the committee. He also stated Captain Ryan Martin and Detective Nate Buffington are nonvoting members but had a tremendous input on this project. Kevin stated that investing in our critical infrastructure is important and that the committee's goal is to build a structure that will invest in our critical infrastructure. Kevin stated the Town purchased the property in 2019 on Route 132 behind the Tanger Outlet Mall. He stated the committee's major safety concern for the current building is the air handling system in the building, especially in the evidence room. There is concern for the health and well-being of the officers who access the evidence room due to the nature of some evidence kept there, namely, some drugs which can present a significant health hazard to anyone who stays in the evidence room for a prolonged period. There is a policy in place where the officers are not allowed to stay in the evidence room for very long. The other safety concerns he listed are that the booking area and the officers are all in the same space. Kevin explained this creates a problem when officers are dealing with someone accused of a petty crime and someone accused of a heinous crime if they are in the same area. Further safety concerns are there is no separate juvenile holding area, which is a major concern if a juvenile must share space with someone accused of a heinous crime; there are no separate holding cells for males and females; there is no way to separate people who are being held while being processed; and currently there is only one holding cell; the interview rooms have no privacy; the department has outgrown the office space; the narrow hallways make it difficult to navigate the police station; there is a lack of parking, and it is very difficult to pull out onto Route 3 from the police station; the basement of the building has been built out into useful office spaces. Kevin further stated that functionality is the key issue that was addressed by the committee. He stated all of the previous work from prior committees dating back to 2006 was reviewed by the current committee. Kevin explained a construction manager was secured and that the construction manager process allowed for better estimation of cost. He further stated the forensic review of the pricing was the toughest issue. Kevin stated the community made suggestions, and the committee took those suggestions into account. He said pictures of the proposed new police facility were displayed, and a large evidence storage area was incorporated into the plans and that the football field adjacent to the property will be preserved for recreational purposes. Kevin explained the new building is designed so that the holding area can be hosed down and cleaned commercially; the booking area, holding cells, and the sallyport are controlled in one area, and the office spaces are separate; there is a community room which will also serve as the Town's emergency operating center and an officer training center, and there is a proposal to divide the room into two rooms. Kevin stated the original

proposed amount was over 5.7 million dollars, and the construction manager process allowed the total bond amount to drop to \$4,716,518, which translates to a tax burden for someone who owns property worth \$100,000 to \$42 per year; a 200,000-dollar property will be \$84 per year; and a 300,000-dollar property would be \$126 per year. Kevin reviewed the fund-raising efforts and stated the Gaudette family has made a commitment to work through the fund-raising effort and has committed to donate \$25,000 to start the fund-raising effort. Kevin thanked everyone for listening and encourages people to vote for Article 3.

Tim Pearson, Town Finance Officer, stated that the NH Municipal Bond Bank quotes 2.5% for 25 years and states the rates may be lowered by the Federal Government. He further explained the project is funded in 2020; that \$37,212 of interest would be added to the operating budget to account for the construction loan, but the first bond payment should Article 3 pass won't be due until 2021. May 8, 2020 is the date the Town will receive a maximum interest rate from NH Municipal Bond Bank. If there is more beneficial financing through a different bank, the Town may use a different bank, but the NH Municipal Bond Bank has historically had the lowest rates.

Moderator Mitchell asked if there were any questions. Cindy Reinartz asked Kevin if the fund-raising would go to the bottom line of what will be borrowed. Moderator Mitchell called upon Kevin LaChapelle to answer the question. Kevin asked if Tim Pearson would answer the question. Tim Pearson answered yes and stated there were other things that could reduce the 4.7 million. Moderator Mitchell called on Pat Clark who stated that he wanted to extend his appreciation to the entire committee and asked what the cost of savings to taxes would be if donations had been made, but he stated he felt the question had already been answered.

Moderator Mitchell called on Juliet Harvey. Juliet thanked Tim Pearson for trying to get the best bond rate and stated she is in favor of the project and asked if there was any research done for any grants that might lower the cost. Moderator Mitchell asked Kevin LaChapelle to respond, and Kevin stated the committee had indeed researched grants and has been working with the NH Homeland Security and Emergency Management on an emergency management performance grant at \$125,000 which offsets the cost of the generator and the emergency operations center equipment.

Moderator Mitchell called on Tim Pearson, and Tim stated that the \$125,000 is outside of the 4.7 million. Tim explained the Town needs to have an approved project in order to apply for a grant. Tim stated there are other public safety grants available through the US Department of Agriculture and Northern Borders and that there is money specifically available for public safety. Tim also mentioned that the Town is prequalified in terms of what monies would be used for match monies for the grant Kevin mentioned.

Moderator Mitchell called on Jason Wright who asked for the cost breakdown for the project. Tim Pearson read the owner items that the Town has gone out to get bids for: access controls, surveillance interior and exterior, intrusion detection, call boxes, dispatch equipment, dispatch tower, furniture, fixtures, equipment, the Tilton-Northfield Aqueduct Company capital repayment, utility connections, architectural and engineering, construction administration, and once the project is underway, special inspections, soil compaction, concrete and pavement testing, emergency operations audio/visual equipment and other emergency operations center equipment which totals \$483,090. Milestone Construction's estimate provided on December 9, 2019 is \$3,998,172, owner's contingency of \$227,756, and bond costs of \$7,500 which brings the total to \$4,716,518.

Moderator Mitchell called on Kimberly Gargano who stated she served in the US Army as a military police officer between 2011 and 2014 and listed the safety concerns she noticed during a walk-through of the current police station. The first thing she noticed is the location of the police department and the difficulty there is entering and exiting from Route 3; there is very limited parking; the lobby is too small; there is no seating; there is no public restroom; the only place in the building that has bulletproof glass is the pane that separates the dispatch from the lobby; the offices and hallways are minuscule and cramped; the booking area is literally a narrow hallway which creates a hazard while a booking is being processed; there is only one holding cell; no separate juvenile detention; the flooring throughout the majority of the building is carpeted which creates a potential bio hazard due to bodily fluids such as vomit, blood, and urine getting trapped in the carpet; walls and doors are so thin that conversations can be heard throughout the building, thus victim confidentiality is compromised; all the doors are standard house doors and can be easily broken down; the emergency exits are not easily accessible for

quick evacuations; the dispatch area is too small for a second dispatcher in an emergency; the locker rooms are cramped; there is no air circulation currently in the basement area where evidence is stored which creates a potential health hazard as some narcotics can build up fumes and can be deadly without proper ventilation; there is so little space that many files are stored in the Town Hall basement; it is too cramped for public relations events; and the Police Explorers need to meet and train off-site.

Moderator Mitchell called on Scott Davis who asked if the chair of the study committee could explain the alternate add-ons, for example, the steel roof and connecting the building into municipal sewer as opposed to a leach field or private sewer. Moderator Mitchell called on Kevin LaChapelle to respond. Kevin explained that there were items that were removed from the original work so the committee could present a more economical construction price, but the committee felt these items were important and should be included in the project. Kevin further explained that if the cost of the project is lower, because of the construction manager being able to secure construction pricing lower than what is proposed, the alternate add-ons could be put back into the project. The cost for an asphalt roof is \$65,500. The cost for steel roofing would be an extra \$164,000, bringing the total to \$229,500. The cost of the septic system is \$33,400. The cost for municipal sewer is an additional \$138,000, bringing the total cost to \$174,600.

Moderator Mitchell called on Zachary Corliss who asked if there were other contractors who were going to be asked to bid on the project or if Milestone is the only bidder. Moderator Mitchell called upon Kevin LaChapelle to respond. Kevin answered that the construction manager process did go out to bid. There were three bidders to be the construction manager. The Selectmen along with the committee chose Milestone. So far Milestone has not been paid for the work they have done for the last year. If Article 3 passes, Milestone will be paid for the work they have already done. If Article 3 fails, Milestone will not be paid for said work. Milestone will solidify final pricing if and when the project moves forward. If there's a local contractor that wants to work with the Town on this project, they will be asked to submit a bid.

Moderator Mitchell called on Bob Hardy who commented that it would cost \$75,000 to realign the football field, but this cost is not included in the project currently, and he feels we will lose the football field.

Moderator Mitchell called on Dick Olsen who spoke in opposition of Article 3. He feels the project design is 30 percent too big. He feels the current plans are skimping on roof construction and connecting the sewer and that there are too many offices. He thinks it's just too much money to spend right now all at once with everything else going on in Tilton.

Moderator Mitchell called on Kevin Cate. Kevin made a motion to call the question, seconded by Steve O'Leary to close debate. A voice vote was taken, and Moderator Mitchell declared the debate closed. Moderator Mitchell re-read Article 3. "Article number 3, to see if the Town will vote to raise and appropriate the sum of Four Million Seven Hundred and Sixteen Thousand Five Hundred and Eighteen Dollars for the purpose of building a new police station in Tilton; Four Million Seven Hundred Sixteen Thousand Five Hundred and Eighteen Dollars of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 as amended; to authorize the Selectmen to apply for, obtain, and accept federal, state, or other aid, and accept any donations toward this purpose, if any which may be available for said project; to comply with all laws and applicable to said project; to authorize the Selectmen to issue, negotiate, sell, and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and, further, to raise and appropriate the sum of Thirty Seven Thousand Two Hundred – excuse me -- Seven Hundred Thirty Thousand Two Hundred and Twelve Dollars for the payment of interest; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto."

Moderator Mitchell explained the voting process for this vote on Article 3. Moderator Mitchell noted the time as 9:20 a.m. and stated the polls would remain open on Article 3 until 10:20 a.m.

At 9:45 Moderator Mitchell asked people to return to their seats. He stated the polls will still remain open until 10:20 but would like to resume the meeting in five minutes. Moderator Mitchell called the meeting back to order. He called on Pat Consentino for a point of personal privilege.

Pat Consentino thanked everyone for attending the meeting. She stated, "Tilton prides itself on its volunteers, its employees, and its elected officials. In fact, one of our greatest assets is our employees, and, with that in mind, the Board has decided beginning in 2020 to present a community service award to an outstanding employee who goes above and beyond. I'm proud to announce by unanimous consent that the Board has selected this year Officer Elizabeth Murray. Can you come down, Liz?"

"Officer Elizabeth 'Liz' Murray joined the Tilton Police Department in August of 2015 and quickly became known as a hard charging 'go-getter' by her peers around the station. Her hard-working reputation also spread amongst the businesses and community. As soon as she graduated from the Police Academy, she began asking if she could help with any of the community events and fund-raisers that Tilton PD was involved with. She knew that she would have to work hard to fund-raise for them and did, making each one a success. She eventually started to take the initiative to organize them. In her second year with the department, she took the lead role to organize the popular 'Movie in the Park' events where families can enjoy a great family night in Riverfront Park watching popular family and children's movies. Liz understands a large part of these events is fund-raising and engaging others to embrace the cause. In her busy day, Officer Murray never misses an opportunity to stop and talk with children along the way, help someone having a rough day, or bring a smile to a senior's face. She also stops by the Senior Center and visits with local residents or tourists passing through whenever she can. Officer Murray has compassion, understanding, and truly embraces the role of a Community Police Officer. Officer Murray is a certified LEAD Education Officer for the Middle School. She was the 2018 McDonald's Community Officer of the Year, organizes Movie in the Park Events, and continues to be involved in many community events and fund-raisers each year with events such as the TNS Toy Drive, Cram a Cruiser for Every Child is Ours, 'Coffee with a Cop' and Pancake Breakfast fund-raiser events. Just last Saturday, Liz raised the most money across the state for the Special Olympics Winni Dip. She is an amazing young woman. We are very proud of her dedication and commitment to the community. Sincerely, the Board of Selectmen."

Moderator Mitchell next called on Katherine Dawson for a point of personal privilege. Katherine Dawson stated, "Service to the community is the hallmark of what characterizes Tilton, and in our community certainly Jane Alden is recognized for her volunteerism, commitment, and dedication. Jane stepped down from the Budget Committee this year, and as an incoming member on the Budget Committee, I can tell you that she will be missed. But she hasn't gone far, because—true to her nature—she stepped up again and has just been elected as Trustee to the Trust Funds. So please join me in a round of applause and recognition for Jane Alden."

Moderator Mitchell next called on Jon Scanlon for a point of personal privilege. Jon stated, "I'm here in honor of somebody who served 19 years as Selectman. First, I'm going to read a letter from the Senate."

"Dear Katherine:

Please accept my sincere congratulations on your retirement after eighteen years of faithful service to the Town of Tilton. Over the years, you have played an important role in many town projects, positions, committees, and boards. However, your eighteen years of service as Tilton's longest serving Selectman truly demonstrates your loyalty and commitment to Tilton and its residents. Your methodical approach to detail, your willingness to listen, and your relentless pursuit of better outcomes for Tilton not only improved the lives of many but made you an extraordinary role model for others to follow. Though you may be retiring, I am quite certain that you will continue to find ways to remain engaged in making Tilton a stronger and better community. On behalf of the New Hampshire Senate, please find enclosed a Senate Resolution recognizing your years of exceptional dedication and commitment to the people, businesses, and institutions that make Tilton their home. Thank you for the countless hours you have given, your readiness to assist, and the example you have provided for the citizens of Tilton. I wish you the very best for your future.

Bob Giuda"

NH State Senator

Senate District 2

Jon read the Resolution. "The New Hampshire Senate, a Resolution. Be it known that the New Hampshire Senate extend its congratulations to Katherine Dawson in recognition of her 18 years of dedication and

exceptional service to the Town of Tilton, and be it further known that the New Hampshire Senate extends its heartfelt best wishes for a happy and healthy retirement.”

Moderator Mitchell noted the time as 10:04, and stated he wanted to move on to Article 4. He stated he would close the polls at 10:20 on Article 3, and the ballots will be counted during a short recess.

Article 4. Passage of this article shall override the 10 percent limitation imposed on this appropriation due to the non-recommendation of the Budget Committee. To see if the Town will vote to raise and appropriate the sum of Two Million, Five Hundred Thousand Dollars (\$2,500,000) for the design and construction of a sewer line extending the municipal sewer system down West Main Street (NH Route 3 & 11) and on Clark Road, approximately 2,300 feet; and further to authorize the issuance of not more than Two Million, Five Hundred Thousand Dollars (\$2,500,000) of bonds or notes in accordance with the provisions of the Municipal finance Act, RSA 33:1 et seq. As amended; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, and accept any donations towards this purpose, if any, which may be available for said project and to comply with all laws applicable to said project; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto. It is the intention of the Town that the bond or note repayment shall be paid for by general taxation. ***This article is recommended by the Selectmen; this article is not recommended by the Budget Committee.*** (A 2/3 Ballot Vote Required.)

Moderator Mitchell read Article 4 as presented. Moderator Mitchell recognized Peter Fogg. Peter Fogg made a motion to move Article 4 to the floor for discussion, seconded by Bob King. Then Bob King made a motion to postpone Article 4 indefinitely, seconded by Steve O’Leary. Moderator Mitchell stated the motion to postpone indefinitely is debatable and requires only a majority to pass and called on Bob King to speak to his motion. Bob King stated that a few years back an Article was passed for the sewer system to be extended in Lochmere with all the taxpayers in town being taxed for that. He believes that people who are not on the municipal sewer system should not have to pay taxes for the sewer system because they have their own cost for maintaining their own private systems.

Moderator Mitchell called on Jason Wright. Jason stated that he travels on roads that the Town doesn’t plow, and he feels it is still his obligation to pay the taxes to maintain the roads. He began to explain that he pumps septic systems for six families. Moderator Mitchell asked that people speak to the postponement of the article, and Jason Wright yielded the microphone. Moderator Mitchell called on Steve O’Leary. Steve stated he feels it’s a useless Article. Moderator Mitchell called on Dick Olsen. Dick stated he does not want to postpone the Article. Moderator Mitchell called on Helene St. Onge. Helene stated if there are no septic failures, this would be a good time to postpone indefinitely especially if Article 3 passes because of the big increase in taxes which might cause hardship to some taxpayers. Moderator Mitchell called on Peter Fogg. Peter stated if there is not debate on Article 4, the pros and cons of bringing sewer to West Main cannot be discussed, which would make that land easier to develop if there is sewer available.

Moderator Mitchell called the question on the motion to postpone Article 4 indefinitely. A voice vote was taken. Moderator Mitchell asked for a standing vote with cards, and he asked the assistant moderators to help count the voting cards. **Moderator Mitchell declared the motion to postpone Article 4 indefinitely has been approved by a vote of 76 yes votes to 29 no votes.** He stated the time is now 10:15 a.m., and a five-minute recess will be taken to allow anyone who hasn’t voted on Article 3 to vote; the polls will close at 10:20 a.m. on Article 3, and the votes will be counted.

Moderator Mitchell called the meeting back to order. Moderator Mitchell reported that when he used the gavel on postponing Article 4 indefinitely there was one person turned away from getting a ballot because they thought the polls were closed, and that person left. Moderator Mitchell asked if there were any other people who did not vote on Article 3. There was no response. Moderator Mitchell then stated the polls are closed, but when the one person returns they will be able to vote, and then the ballots will be counted.

Moderator Mitchell stated that during the recess he spoke with an attorney who specializes in municipal law, and

relative to Article 4 the attorney stated that the appropriate thing to do on a Warrant Article which is a bond issue would be to vote it down rather than objecting to consideration. Moderator Mitchell stated he would be willing to consider putting Article 4 before the people to vote on it and any possible amendments to ensure that in the future a special meeting is not necessitated over this issue.

Moderator Mitchell took a voice vote on considering Article 4. Moderator Mitchell stated it is overwhelming, and he declared Article 4 dead. He then stated a recess would be taken, and the ballots counted on Article 3.

ARTICLE 4 - DEAD

Moderator Mitchell called the meeting back to order. The moderator stated there were 144 yes votes and 34 no votes on Article 3, and he declared that Article 3 passes.

ARTICLE 3 - PASSED

Moderator Mitchell called on Pat Consentino. Pat made a motion to protect the vote, seconded by Chuck Drew and many others. A voice vote was taken. Moderator Mitchell stated, "The ayes have it."

PROTECTED VOTE ON ARTICLE 3 – PASSED

The moderator then called upon Chief Cormier. Chief Cormier thanked everyone for their support. He stated he is in his 13th year as Chief. He stated that we have an amazing town, and he and his officers love working for the town and that all the officers are extremely dedicated to the citizens. He asked for a show of appreciation for them, and the audience responded resoundingly. Kevin LaChapelle thanked everyone on the committee, the people, and the Board of Selectmen.

Article 5. To see if the Town will vote to establish a Tilton Senior Center Expendable Trust Fund per RSA 31:19-a, for operations and maintenance of the building and any vehicles associated with the Senior Center; and to raise and appropriate Five Thousand Dollars (\$5,000.00) to put in the fund, with this amount to come from taxation; further to name the Selectmen as agents to expend from said fund. *This article is recommended by the Selectmen and the Budget Committee.* (Majority vote required.)

Moderator Mitchell read Article 5 as presented. The Moderator called on Katherine Dawson, who made a motion that the Town adopt Article 5 as proposed, seconded by Pat Consentino. The moderator asked Katherine if she wanted to speak to the Article. Katherine stated that money raised that goes into the fund will only be able to be used for the Senior Center.

The moderator called upon Scott Davis who. Scott stated there is a line in the budget for the Senior Center now, and he asks if this money will go into that budget line. The moderator called upon Katherine Dawson to respond. Katherine stated that it will essentially eliminate that line in the budget, and the money will be raised and appropriated into this reserve fund so that it won't lapse. Scott asked if every year there would be a similar Warrant Article proposed, and Katherine responded in the affirmative. Scott stated he is confused about why the line item in the budget would be removed. Katherine asked if Tim Pearson could address the issue.

Moderator Mitchell called upon Tim Pearson. Tim stated that the budget line entitled, "Senior Center maintenance" on page 34 will remain in the budget. Tim then explained that over the years there have been extraordinary maintenance items that crop up and haven't been budgeted for but still need to be fixed, and those items could be handled out of this ETF. He further explained that a Warrant Article would be required each year to fund it, the Selectmen could approve expenditures, and make the request from the Trustees who would reimburse the Town.

Scott then asked if the funds will be in addition to line 34 in the budget, and Tim responded that this money will not be in the operating budget. It will be held by the Trustees of the Trust Fund. Tim explained there is \$6,000 in the budget to purchase a used bus for the Senior Center. During the development of the budget it was determined

there needed to be budgeted costs for maintenance items for a used bus, but the expendable trust fund is something that would be set aside and funded each year by Warrant Article at Town Meeting, and only the Selectmen can determine if monies can be expended for the Senior Center.

Scott then asked what the purpose is of the \$5,000. Moderator Mitchell called upon Pat Consentino. Pat responded that when this Article was being developed the Town was seeking a grant for a new van but didn't have the necessary data to apply for the grant and instead decided to acquire a used van for the seniors at a cost of \$6,000, and that was put in the budget as a line item. It is estimated \$3,000 will be needed for gas and to maintain the used van. The \$5,000 is in the Warrant Article. If the Warrant Article passes, the \$3,000 will come out of the ETF.

Moderator Mitchell called on Jason Wright, and Jason asked if the Town would be able to earmark and designate donations to this ETF. The moderator called on Tim Pearson, and Tim responded that donations that come in throughout the year for the Senior Center are restricted for Senior Center use, and they are kept separate from general funds as are all other donations made to the Town for a specific purpose that the Selectmen accept.

Moderator Mitchell called on Scott Davis, and Scott stated that RSA 31:19-a under item 4 states, "The local legislative body may authorize the acceptance of private donated gifts into this fund." He stated that if the \$5,000 is for transportation for seniors, that is acceptable, but he wants to ensure this \$5,000 is not being raised for items that are already in the budget.

The moderator called on Joe Plessner, and Joe stated the line item in the budget and the ETF are separate entities.

Moderator Mitchell then stated, "Seeing no one else, I'm going to go ahead and call the vote. Article 5, to see if the Town will vote to establish a Tilton Senior Center Expendable Trust Fund per RSA 31:19-a for operations and maintenance of the building and any vehicles associated with the Senior Center and to raise and appropriate Five Thousand Dollars to put into the fund, with this amount to come from taxation; further, to name the Selectmen as agents to expend from said fund."

The moderator asked if there were any questions. There was no response. A voice vote was taken. Moderator Mitchell declared Article 5 passes.

ARTICLE 5 - PASSED

Article 6. To see if the Town will vote to raise and appropriate the sum of Thirty Five Thousand Dollars (\$35,000) to be added to the **Highway Equipment Capital Reserve Fund** previously established. This appropriation is not included in the operating budget. *This article is recommended by the Selectmen and the Budget Committee.* (Majority vote required.)

Moderator Mitchell read Article 6 as presented. Moderator Mitchell called on Joe Jesseman, and Joe Jesseman made a motion to adopt Article 6 as proposed, seconded by Pat Consentino. The moderator asked Joe Jesseman if he would like to speak to Article 6. Joe stated that every year the Town funds the Highway Equipment Capital Reserve Fund in order to buy equipment. He explained this year the Town is purchasing a zero-turn mower and in 2021 will purchase a sidewalk machine because the multi-purpose machine that was recently purchased does not work on the sidewalks. Joe stated the current fund balance is \$45,703, and adding the \$35,000 puts the balance at \$80,703 for 2020. The tax impact would be a little less than \$6 on \$100,000 of property valuation.

Moderator Mitchell called on Dick Olsen, and Dick stated the multi-purpose tool did not serve its purpose which was to do the sidewalks, and he stated he is in opposition of Article 6.

Moderator Mitchell called on Kevin Cate, and Kevin asked what the cost of the machine will be that the Town plans to purchase in 2021. Joe Jesseman responded \$120,000. Kevin then asked the cost of the zero-turn mower, and Joe said he didn't know. Kevin said he knows the cost of zero-turn mowers to be between \$10,000 and \$15,000. Kevin stated he does not support Article 6.

The moderator called on Jon Scanlon. Jon stated every year money is put into this fund, and he supports Article 6. The moderator called on Alex Martin. Alex stated his question was already answered. The moderator called on Tim Pearson. Tim stated the cost of the zero-turn mower would be partially offset by a trade-in of existing equipment as well as in the public works budget there is \$3,000 to go towards the purchase of the mower, therefore, any money spent out of this fund would be the difference of what the \$3,000 and the trade-in did not cover. The moderator called on Dick Olsen, and Dick again stated his opposition to Article 6.

The moderator called on Scott Davis. Scott stated that on page 42 of the budget, the highway department's budget was \$647,780, and the Town expended \$599,351. He asked why the zero-turn mower wasn't purchased last year with funds from last year. The moderator called on Peter Fogg. Peter explained when the Town first purchased the multi-purpose machine, there were dealers everywhere, but now the company has restructured, and there is no dealer east of the Mississippi to get parts, but next year the Town is looking to buy the sidewalk machine where parts are readily accessible.

The moderator called on Alex Martin, and Alex asked if this Article is just to put money into a fund or is it to expend money. The moderator responded that this Article is only to put money into the fund. The moderator called on Dick Olsen, and Dick stated the Town once again bought equipment without doing good research beforehand, and he feels the Town is mindlessly just spending money. The moderator called on Cindy Reinartz. Cindy made a motion to call the question. The moderator responded that there are still two people wishing to speak and that he will let them speak and then return to Cindy's motion.

The moderator called on Tim Pearson. Tim explained that one of the reasons the Selectmen did not purchase the zero-turn mower last year was because at the end of the year there are still expenses that come in following the end of the year attributable to 2019.

The moderator called on Nate Morrison, and Nate stated that it was not the Select Board who purchased the equipment, but it was the Highway Director who had made a decision based on salesmanship and not actual real world experience with the machine.

The moderator called for a voice vote on the motion to close debate. After the voice vote, Moderator Mitchell stated, "Debate is closed. I'm going back to Article 6. I'm going to read it again. "To see if the Town will vote to raise and appropriate the sum of Thirty-Five Thousand dollars to be added to the Highway Equipment Capital Reserve Fund previously established. This appropriation is not included in the operating budget."

Moderator Mitchell called for a voice vote. After the voice vote, Moderator Mitchell called for a standing vote with cards. After the standing vote, the moderator stated, "Article 6 passed."

ARTICLE 6 - PASSED

Article 7. To see if the Town will vote to raise and appropriate the sum of Ninety Four Thousand Dollars (\$94,000) to be added to the **Town Roads, Bridges and Sidewalks Capital Reserve Fund**. This appropriation is not included in the operating budget. ***This article is recommended by the Selectmen and the Budget Committee.*** (Majority vote required.)

Moderator Mitchell read Article 7 as presented. The moderator called on Jon Scanlon. Jon made a motion to move Article 7, seconded by Joe Jesseman. The moderator called on Joe Jesseman, and Joe explained this again is a fund that is funded every year. He also stated the current fund balance is \$124,368, and with the addition of the \$94,000 will put the balance at \$218,368, and the tax impact is 16 cents per thousand of property valuation.

Moderator Mitchell stated, "Seeing no other questions or comments, Article 7, to see if the Town will vote, raise, and appropriate the sum of Ninety-Four Thousand Dollars to be added to the Town Roads, Bridges, Sidewalks Capital Reserve Fund. This appropriation is not included in the budget. All those in favor of Article 7, please say aye. Opposed, nay. Article 7 is passed."

ARTICLE 7 - PASSED

Article 8. To see if the Town will vote to raise and appropriate the sum of Nine Thousand Dollars (\$9,000) to be added to the **Revaluation Capital Reserve Fund** established in 2002. This appropriation is not included in the operating budget. *This article is recommended by the Selectmen and the Budget Committee.* (Majority vote required.)

Moderator Mitchell read Article 8 as presented. Moderator Mitchell called on Pat Consentino. Pat moved that Article 8 be adopted as proposed, seconded by Katherine Dawson. The moderator called on Pat Consentino. Pat stated that the current fund balance is \$29,565 and with the \$9,000 it will bring the balance to \$38,565. She then stated the contracted revaluation amount in 2024 is \$74,280, and by adding the \$9,000 every year until then it will add \$36,000 to the balance of \$38,565 bringing the balance to \$74,565 just over the contract figure needed in 2024. Pat stated the tax impact is 2 cents per thousand of property valuation and that this fund is revaluated every five years.

Moderator Mitchell asked if anyone wished to speak to Article 8, and then he stated, "Not seeing anyone, to see if the Town will vote to raise and appropriate the sum of Nine Thousand Dollars to be added to the Revaluation Capital Reserve Fund established in 2002. This appropriation is not included in the operating budget. All those in favor, say aye. Opposed, nay. The ayes have it."

ARTICLE 8 – PASSED

Article 9. To see if the Town will vote to raise and appropriate the sum of Six Thousand Dollars (\$6,000) to the **Lake Improvement/Maintenance Capital Reserve Fund** previously established. This appropriation is not included in the operating budget. *This article is recommended by the Selectmen and the Budget Committee.* (Majority vote required.)

Moderator Mitchell read Article 9 as presented. Moderator Mitchell called on Joe Jesseman, and Joe made a motion to adopt Article 9 as proposed, seconded by Dick Olsen. The moderator called on Joe Jesseman to speak to Article 9, and Joe stated every year money is put into this fund and that various groups on Silver Lake and Lake Winnisquam in the Town of Tilton have the opportunity to apply for these funds to mitigate milfoil. Joe stated that the current fund balance is \$4,400, and the \$6,000 will bring the fund balance to \$10,400.

Moderator Mitchell asked if anyone else wished to speak, and Tom Meade stated he is a proud member of the community, and he is also a board member of the Winnisquam Watershed Network whose mission it is to preserve and protect Lake Winnisquam for this and future generations.

Moderator Mitchell called on Jon Scanlon for a point of order. Selectman Scanlon stated his point of order is Mr. Meade is not a Tilton resident, and he would like to invite Mr. Meade to speak. Mr. Meade responded that he is a resident of the Town of Tilton. The moderator asked Mr. Meade to continue. Tom Meade stated that Lake Winnisquam is an asset to the town. Tom further explained that the Winnisquam Watershed Network administers the milfoil abatement program. He stated this year's program is approximately a 43,000-dollar project and that the State subsidizes that with a 40 percent match. Tom thinks this money is well-spent to preserve that town asset. Moderator Mitchell added that the Winnisquam Watershed Network received a substantial amount of money last year which was used for divers to mitigate milfoil in Silver Lake; the fund is getting low; and the Town has already received tentative requests for milfoil mitigation which surpasses the \$6,000 requested in Article 9.

Moderator Mitchell called on Dick Olsen, and Dick asked if the money was only spent on Lake Winnisquam. Moderator Mitchell responded that the money is used for both Lake Winnisquam and Silver Lake. Dick then stated he is in support of Article 9 as Silver Lake is completely overrun with milfoil, causing the fish to die, and he stated it is impossible to run a jet ski on the lake due to the amount of milfoil.

Moderator Mitchell asked if anyone else wished to speak on Article 9. He then stated, "Okay. All those in favor

of Article 9, to see if the Town will vote to raise and appropriate the sum of Six Thousand Dollars for the Lake Improvement/Maintenance Capital Reserve Fund established - previously established. This appropriation is not included in the operating budget. All those in favor, say aye. Opposed, nay. Article 9 passes.”

ARTICLE 9 - PASSED

Article 10. To see if the Town will vote to raise and appropriate the Budget Committee recommended sum of Five Million Eight Hundred Seventy One Thousand and Ten Dollars (**\$5,871,010**) for general municipal operations. The recommended amounts do not include special or individual warrant articles addressed separately. (Majority vote required.)

Moderator Mitchell read Article 10 as presented. Moderator Mitchell called on the Chair of the Budget Committee, Jane Alden, and Jane made a motion to adopt Article 10 as proposed, seconded by Katherine Dawson. The moderator called on Pat Consentino. Pat made a motion to amend Article 10 and reduce budget line 01-62-4194-99-480, Senior Center maintenance, by \$3,000, from \$9,800 to \$6,800, seconded by Peter Fogg.

Moderator Mitchell explained the Select Board has the opportunity when the final budget is passed to adjust individual line items, and that anyone can make a recommendation on a line item, but the ultimate decision of how the money is expended rests with the Select Board. After further discussion, the moderator stated this body can only approve the total budget, and it is the Select Board who has the authority to move monies from one line item to another. The moderator called on Scott Davis for a point of order. Scott stated that this legislative body is the voters, and under RSA 32 can take any line at any time and zero it, and, therefore, the Selectmen cannot expend money for that specific purpose. Moderator Mitchell stated he agreed if the line item is zeroed out, but the line item cannot just be reduced by a certain amount.

The moderator called on Steve O’Leary. Steve stated on page 46, the next to the last line item which ends with 935, shows last year \$10,000 was put in that line for the 150th Celebration but only \$5,000 was expended, and he asked why there is a request for another \$5,000.

Moderator Mitchell called on Pat Consentino, and Pat made a point of order stating there is a motion on the floor. The moderator responded that Pat did make a motion to reduce line item 01-62-4194-99-480 by \$3,000 and that the motion was seconded. The moderator explained again that the Select Board can do that without a vote, and the moderator said he could call for a vote but that it would not be binding. Moderator Mitchell asked if Pat Consentino wanted a vote, and Pat responded that she did.

The moderator stated a vote would be taken on the motion to reduce the Senior Center maintenance line item and stated, “All those in favor of reducing that line item on the Senior Center maintenance by \$3,000, please say aye. Opposed, nay. So done.”

AMENDMENT SUBMITTED BY PAT CONSENTINO TO ARTICLE 10 - PASSED

The moderator called on Steve O’Leary, and Steve repeated his question he had on page 46 as to why on the next to last line item for the 150th Celebration another \$5,000 is being requested. The moderator called on Jane Alden, and Jane stated that the committee will be in charge of all activities in the town, and that the 150th Celebration is not completely over, that there are going to be some town fairs and that the committee will handle the Halloween festivities. The moderator called on Katherine Dawson, who stated that the 150th Celebration will end in May, but the committee would like to continue under the name of the Tilton Events Committee and partner with the Parks Committee in some of the events. She stated the Zombie Walk last year was very successful, and they would like to continue those kind of events.

The moderator called on Kevin Cate. Kevin stated with regard to the sewer budget in 2019, the Town spent over \$190,000 more than what was budgeted and that most of it was expended for maintenance and repairs, which was budgeted at \$85,000 yet over \$400,000 was expended. Kevin wants to know where that money was expended and why that expense wasn’t properly forecasted last year. Kevin then asked if someone could explain why the total

Sewer Commission budget in 2019 was \$508,000, and this year they are looking for an appropriation of \$200,000 more than last year when the Town overspent by \$200,000 last year.

The moderator called on Jason Wright. Jason stated he is in his fifth term as a Sewer Commissioner. He explained that the sewer budget is not raised and appropriated through taxes. It is raised and appropriated through user fees. He stated that the additional expense was not foreseen. Jason then explained that during the project on Cedar Street and in the Village District when the water district did their work they encountered failing and compromised lines and may have broken some sewer lines themselves due to the large amount of ledge present, that fragile clay pipe was found to be broken in the ground, and sewer lines were compromised. He stated the Sewer Commissioners felt obligated to spend the money from the reserve fund to make things right. He again explained that this does not impact the tax rate, and that there will be further repairs to Tilton's aging infrastructure and that no one has a crystal ball to determine what future repairs may be.

Moderator Mitchell called on Tim Pearson, and Tim stated that the sewer expense and revenue is included in the tax rate setting, so technically it is part of the appropriation, but it is 100% offset by the same amount so that it has zero impact to taxpayers. The moderator called on Sewer Commissioner Peter Fogg, and Peter explained that 18 months ago when the sewer budget was prepared the commission was not aware of the problems on Cedar Street until they were encountered.

Moderator Mitchell called on Sabrina McPhail. Sabrina spoke with regard to the sewer and water project on Cedar Street and explained it was her understanding that people's homes were tied into the sewer system through drainage in their cellars and because of new laws they were no longer permitted to tie in that way which created a problem by making Cedar Street very wet when the pavement was put down, and Sabrina asked why that wasn't corrected before money was spent to pave the road. The moderator called on Peter Fogg to respond, and Peter explained the commission was unaware of the problem until the project was underway.

The moderator called on Jane Alden, and Jane stated the budget has been reduced by \$3,000 as a result of the motion made by Selectman Consentino and approved, which brings the **total budget to \$5,868,010**.

Moderator Mitchell called on Water Commissioner Scott Davis, and Scott stated that anything disturbed by the water district during the project on Cedar Street was repaired by the water district. The expenses that were paid for by the Sewer Commission were shown to be needed repairs because the pipes were leaking when they were exposed. He stated there was no expense to the Sewer Commission by repairs or replacement of the water main by the water district on any of the streets during that project.

Moderator Mitchell asked if there were any further questions or comments. There was no response. The moderator then stated, "Seeing none, here's the bottom line, folks. See if the Town will vote to raise and appropriate the Budget Committee's recommended sum of – it's now been reduced by \$6,000 - \$3,000 to Five Million Eight Hundred and Sixty Eight Thousand and Ten Dollars, being reduced by \$3,000, for the general municipal operations. The recommended amounts do not include any special or individual Warrant Articles addressed separately. All those in favor, please say aye. Opposed, nay. Unanimous vote. Article 10 has passed."

ARTICLE 10 - PASSED

Article 11. Shall the Town adopt the provisions of RSA 72:61-64 inclusively, which provide for an optional property tax exemption from the property's assessed value, for property tax purposes, for persons owning real property, which is equipped with solar energy systems intended for use at the immediate site. Such property tax exemption shall be in the amount equal to 100% of the assessed value of qualifying solar energy system equipment under these statutes. (Submitted by petition.)

Moderator Mitchell read Article 11 as submitted by petition. Moderator Mitchell called on Greg Devolder who made a motion to approve Article 11 as proposed, seconded by Joe Jesseman. The moderator called on Greg to speak to Article 11. Mr. Devolder explained he is asking for tax relief for himself along with approximately 30 other families and businesses that have solar panels on their property, not to include solar farms. He further stated

that of the 234 municipalities, 135 have passed tax relief for solar panels for residents and businesses in their community. The relief requested would equate to \$3 per \$100,000 of property valuation.

Moderator Mitchell called on Tom Meade. Tom stated he has solar panels, and he is in favor of Article 11. The moderator called on Karen Johnson. Karen stated she, too, has put solar panels on her roof to reduce her electric bill. She has 27 panels on her roof, and she is charged \$600 per panel on her tax bill. She stated she is in favor of Article 11. Moderator Mitchell called on Dick Olsen. Dick stated he does not have solar panels, but he also is in favor of Article 11. The moderator called on Scott Davis. Scott asked if this is just for residential solar panels or business solar panels. Scott stated he is in favor of Article 11 for residential solar panels only. The moderator called on Greg Devolder to respond, and Greg stated that it does include businesses but not solar farms.

Moderator Mitchell called on Kathy Mitchell, and Kathy stated that a solar farm is being planned for Calef Hill Road, and she wants to be sure that solar farms are excluded. The moderator called on Jon Scanlon, and Jon expressed his support for solar energy. He stated people who install heat pumps, energy-efficient appliances or passive solar additions do not receive a tax exemption, and he feels the way the Article is written it may create a loophole for the solar farms. The moderator called on Helene St. Onge, and she stated she does not feel that anyone who adds solar panels to their home should be taxed for it but that solar farms should be taxed. The moderator next called on Karen Johnson. Karen explained that the way this Article is written it would not exempt a solar farm. The moderator called on Kevin Cate. Kevin stated that this Article is really offering a tax exemption for someone who improves the value of their property. He gave an example of a homeowner improving his home by repaving his driveway, replacing the windows, installing a new roof, and adding a sunporch. He wonders if the townspeople would give that homeowner a tax exemption for improving his property in this manner. Kevin further explained that everyone who stated they have solar panels installed did it to save money on their electric bill, and he does not support Article 11 because he feels this Article is in reality asking the townspeople to pay for other people's improvements to their property by adding solar panels. Moderator Mitchell called on Steve O'Leary. Steve stated there is a church and school property that has solar panels, and they are selling electricity back to the grid which makes them a business, and they should be taxed.

Moderator Mitchell called on Pat Consentino. Pat stated she would like to make a motion to amend Article 11 by having Article 11 read as follows. "Shall the Town adopt the provisions of RSA 72:61-64 inclusively, which provides for optional property tax exemption from the property's assessed value for property tax purposes for residential property owners only and no solar farms which is equipped with solar energy systems intended for use at the immediate site. Such property tax exemption shall be in the amount of equal to 100% of the assessed value of the qualifying solar energy system equipment under the statute." Moderator Mitchell stated that the amendment has been seconded by Dick Olsen. The moderator asked if Pat would like to speak to her amendment. Pat stated that after listening to the legislative body, she changed the language so as to limit the exemption to only residential property owners and to exclude solar farms.

The moderator called on Greg Devolder, and Greg spoke in favor of the amendment. The moderator called on Scott Davis. Scott asked if in the future a footnote could be included showing what the language of quoted RSAs actually are. The moderator called on Jon Scanlon. Jon asked if the language "for use at the immediate site" could be clarified with an amendment because some people who said they have installed solar panels also said they are selling the power to the grid, and that is not for use at the immediate site. The moderator stated he didn't feel that could be specified with an amendment.

The moderator called on Tom Damon. Tom asked for a point of information. Mr. Damon stated that Mr. Devolder told Mr. Damon that he's electric bill is \$12 a month. Tom stated his electric bill is \$200 a month. He also stated that while he sympathizes with Mr. Devolder, he feels Mr. Devolder is already receiving a subsidy, and he gets to depreciate the solar panels over time. Tom Damon stated he does not support Article 11 nor its amendment.

The moderator called on Alex Martin. Alex stated that the language in the amendment is already covered under the RSA where it says it has to be for a building, and the RSA covers active, passive, and storage systems.

The moderator called on Regina McPhail. Regina stated she installed a solar system, and that it was very expensive to install. She also stated when she installed the panels she did not understand until today that she was going to be taxed \$600 per panel.

The moderator called on Dick Olsen, and Dick made a motion to call the question on the amendment, and it was seconded by an unidentified male speaker. Moderator Mitchell read the amendment to Article 11, "Shall the Town adopt the provisions of RSA 72:61-64 inclusively, which provide for optional property tax exemption from the property's assessed value for property tax purposes for residential property owners and no solar farms which are equipped with solar energy systems intended for use at the immediate site. Such property tax exemption shall be in the amount equal to 100 percent of the assessed value for qualifying solar system equipment under this statute."

Moderator Mitchell then stated, "All those in favor of the amendment - all this does is change Warrant Article 11 to the wording that is up there. You are not voting on Article 11 as amended, just the amendment. So all those in favor of amending Article 11 to this language, a voice vote was taken and Article 11 is now amended."

AMENDMENT TO ARTICLE 11 AS PRESENTED BY PAT CONSENTINO - PASSED

Moderator Mitchell called on Scott Davis. Scott asked if the vote is actually being taken on adopting the RSA as opposed to adopting Article 11 no matter how it's amended. Moderator Mitchell called on Jason Wright. Jason stated that from looking at the General Court's website, RSA 72:61 defines what a solar energy system is, RSA 72:62 defines an exemption, RSA 72:63 was repealed, and RSA 72:64 is the application process.

The moderator called on Karen Johnson. Karen stated that RSA 72:61-72 permits cities and towns to offer exemptions from local property taxes for certain renewable energy installations. These include solar systems, thermal and voltaic, wind turbines, and central wood-fired heating systems. Karen stated that these towns can offer exemptions for these things, and it doesn't say that it has to adopt the entire RSA.

Moderator Mitchell called on Judy Tilton. Judy asked if Article 11 will change zoning. The moderator stated he did not know the answer but that at this time the Town of Tilton has nothing in its ordinances either permitting or not permitting solar power.

Moderator Mitchell called on Kevin Cate. Kevin stated that given the fact that it is unknown what RSA 72:61-64 states and that there's confusion over whether zoning laws will be changed and confusion over the wording "use at the immediate site," he makes a motion to postpone Article 11 indefinitely. Moderator Mitchell explained that he cannot accept the motion at this time as Kevin has spoken to the motion before making the motion.

The moderator called on Peter Fogg who stated that he does not support Article 11. The moderator called on Dick Olsen. Dick made a motion to call the question on Article 11 as amended. There was no second. The moderator stated he would allow him to call the question. He asked if the legislative body wanted him to read Article 11 as amended again, and the legislative body responded no. After the voice vote, the moderator stated he will take a standing vote with cards. Moderator Mitchell announced that the result of the standing vote with cards was 31 yes votes and 37 no votes. Moderator Mitchell stated, "Article 11 does not pass."

ARTICLE 11 – FAILED AS AMENDED

Article 12. To enact any other business that may legally come before the meeting.

Moderator Mitchell read Article 12, "To enact any other business that may legally come before the meeting."

Moderator Mitchell stated before moving on to Article 12 he wished to thank the supervisors of the checklist, Kirk Young and the Winnisquam Regional High School for helping set up, the Budget Committee and the Selectmen.

The Selectmen are seeking input from the community on the following:

of Tilton for all marijuana cultivators, marijuana testing facilities, marijuana product manufacturers, marijuana retailers, on-site consumption at the business location, any other types of licensed marijuana-related businesses, and the conducting of any such activity for commercial purposes by whichever name is used, should marijuana be legalized.”

Moderator Mitchell called on Joe Jesseman. Joe stated that if the use of marijuana is legalized by the State of New Hampshire, should the Town of Tilton specify certain areas for such activities.

The moderator called on Scott Davis. Scott said he would be opposed to such an Article. Scott also said that if such an Article is written, it should contain clear language and where such areas would be located. Scott also stated he wanted to thank Moderator Mitchell.

Moderator Mitchell called on Kevin Cate, and Kevin stated that if marijuana became legalized he would not support controlling it, and he doesn't feel the issue needs to be addressed until marijuana is legalized. The moderator called on Tom Damon. Tom stated he would not be in favor of such an Article.

Moderator Mitchell called on Linda Burns. Linda made a motion to protect the vote on Article 11, seconded by Bob Hardy. Moderator Mitchell asked for discussion. There was no response. A voice vote was taken. After the voice vote, Moderator Mitchell stated, “Article 11 is now definitely dead for this year.”

PROTECTED VOTE ON ARTICLE 11 – PASSED

The moderator called on Greg Devolder. Greg stated that watching the problems Massachusetts had gives him concern that the flavor of downtown Tilton would suffer. The moderator called on Dick Olsen. Dick stated that the way to get ahead of Massachusetts is to do the same thing New Hampshire did with alcohol by keeping the price of marijuana lower than in Massachusetts.

Moderator Mitchell called on Jason Wright. Jason made a motion for reconsideration of Article 4 because the vote was not protected. Moderator Mitchell stated Article 4 was indefinitely postponed, and he believes that an indefinitely postponed Article cannot be reconsidered at today's meeting.

Moderator Mitchell called on Greg Devolder. Greg stated he wanted to thank everyone, and he appreciates everyone's participation.

Moderator Mitchell called on Pat Consentino. Pat Consentino made a motion to end the meeting, seconded by Christine. A voice vote was taken and passed unanimously. Moderator declare the meeting over at the official time is 12:35 p.m.”

Respectfully submitted

Cynthia D. Reinartz

Moderator's Rules

Tilton Town Meeting

March 13, 2021

1. The rules governing the conduct of the meeting will be the applicable NH RSA's and the following special rules to be adopted or rejected by the assembly here today. Robert's Rules of Order, Newly Revised, Tenth edition, 2000, **shall be used only as a guide if deemed necessary by the moderator.**
2. Anyone having a cell phone is requested to please silence the phone or turn it off right now. Anyone wishing or needing to use a cell phone during the meeting is requested to leave this room to make or take a call.
3. **Those who wish to speak are requested to please line up at one of the microphones and to please wait until you are recognized by the moderator before speaking.** Speakers will be called upon in the order of their arrival at a microphone. This does not apply to motions of privilege or rising to a point of order.
4. **Individuals speaking for or against motions are asked to please keep their remarks to two (2) minutes.** Please try not to repeat something that has already been said by a previous speaker. The maker of a motion or an amendment will be provided up to **five minutes** for their presentation. When you are approaching the last 15 seconds of your allotted time, the assistant moderator will hold up a sign indicating it is time for you to wrap it up. **Additional time may be granted at the discretion of the Moderator.**
5. **All questions are to be made through the Moderator** who will then direct the question to the appropriate person for a response. Anyone who has a follow-up question, please go through the moderator.
6. **All motions and amendments must be submitted in writing and signed** by the person making the motion or amendment. Amendments can change the scope of a Warrant Article or motion, but not the purpose. Any amendments involving money must include a specific dollar amount.
7. **Only one amendment to a motion will be allowed on the floor at one time.** No motion to amend an amendment will be allowed.
8. Anyone wishing to **"move the question", "call the question", or "move to close debate", must first be recognized by the moderator.** A motion to close debate may only be made by someone who has gained the floor to speak. A motion to close debate must be made without first speaking for or against the motion on the floor. **"Calling the Question" is not-debatable and requires a 2/3 vote.**
9. If, in the Moderator's opinion, there has not been sufficient discussion on a motion, the Moderator shall have the right to refuse to accept a motion to either "Call the Question" or "Close Debate."
10. **A motion to limit debate is non-debatable and requires a 2/3 vote.**
11. A motion to **"Table"** should only be used to delay action on an item until later in the meeting. A tabled motion can be taken **"Off the Table"** after one or more articles have been disposed of. This **requires only a majority vote and is not-debatable.** Any motion not removed from the table by the end of the meeting is basically dead.
12. To kill a motion, one would move to **"Postpone-it Indefinitely". It is debatable and requires a majority vote.**

13. Due to statutory funding commitments, no amendment to cut the budget to “zero” will be accepted.
14. Any proposed changes to the proposed budget warrant article will need to be done through a written amendment. Each such amendment will be discussed and voted on one at a time.
15. Voting on motions may be done in any one of the following ways:
 - a. Voice vote by responding with a **“Yea”** or **“No”**
 - b. Standing vote with a raised hand holding up your 2020 voter card
 - c. Secret ballot in accordance with RSA Chapter 40:4-a
 - i. Requests for a secret ballot may be made in writing with the signatures of at least 5 registered voters, or
 - ii. At the request of one voter and seconded by a show of hands of at least ten other voters, or
 - iii. At the Moderator’s discretion
16. Please be civil at all times. **It is OK to disagree, but it is not OK to be disagreeable or disrespectful.** No discussion that involves the naming and/or singling out of an individual will be tolerated.
17. **Any and all discussions must pertain to the motion or amendment before the body.** If any person strays from the topic of the motion, they will be ruled out of order and may be asked to sit down.
18. Once a motion has been put on the floor for discussion, the moderator will not accept a motion to recess the meeting until the motion on the floor has been properly disposed of.
19. A motion to **“RECONSIDER”** any prior vote is allowable under RSA 40:10. The purpose of Reconsideration is to vote again on something that has already been decided. The purpose is to introduce new information that someone did not have prior to their vote and only to be made by someone who had voted on the prevailing (winning side of the motion). **It is NOT to be used by someone on the losing side to simply have another vote.** Someone can move to do so and if seconded (again, by someone who had voted on the prevailing side) and if the motion passes, then the body may revisit a previous dealt with motion. I will publically ask any person moving reconsideration if they he or she voted with the prevailing side, and also the person seconding the motion. If they state they did, and only then will the motion to “Reconsider” be proper. The motion to “Reconsider” a previous vote can occur at any time and requires only a majority vote to proceed; thus it is advisable to stay until the end of the meeting.
20. A motion to **“Restrict Reconsideration”** (used to **protect your vote**) can be made at any time after a vote has been taken (RSA 40:10) and only requires a simple majority.
21. The Moderator intends to allow non-resident town agents, consultants, employees and non-resident property owners the ability to address the assembly as a part of warrant article presentations and/or in response to questions brought up by voters. Permission of the assembly for other non-voters to speak will be required.
22. The Moderator may order anyone who violates these rules or who is disorderly to leave the assembly (RSA Chapter 40:8).
23. Any decision made by the moderator can be overturned by a majority vote of those present and voting.
24. To change or alter any of these Moderator’s Rules will take a 2/3 majority vote.

TOWN OF TILTON
2021 TOWN WARRANT

To the inhabitants of the Town of Tilton, in the County of Belknap, State of New Hampshire, qualified to vote in Town affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE WINNISQUAM REGIONAL HIGH SCHOOL, 435 West Main Street ON TUESDAY, March 9, 2021 at 8:00 A.M. TO ACT ON THE FOLLOWING SUBJECTS:

(Polls will be open from 8:00 a.m. to 7:00 p.m.)

Article 1. To choose all necessary Town Officers for the ensuing year as presented on the ballot prepared for the same.

Article 2. To see if the Town is in favor of the adoption of the amendment to the Tilton Zoning Ordinance as proposed by the Tilton Planning Board. *(The complete text of the proposed amendments will be printed in the Annual Town Report.)*

Amendment No. 1 (Accessory Building)

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: amend Article VII/Appendix C: Note 2 to change the setback requirements for an Accessory Building from a percentage to a specific distance from the boundary line.

Amendment No. 2 (Accessory Dwelling Units)

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: amend Article 10: Section 8 to clarify the process of determining the allowable size of an accessory dwelling unit based on the "living space" of the "primary" structure.

Amendment No. 3 (Solar Ordinance)

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: add a new Solar Ordinance that aligns such solar energy use with the Town's Master Plan and rural character, and allows the use by issuance of a building permit instead of more rigid guidelines.

AND ON SATURDAY, March 13, 2021 at 8:00 A.M. AT THE WINNISQUAM REGIONAL HIGH SCHOOL TO ACT ON THE FOLLOWING SUBJECTS:

Article 3. To see if the Town will vote to raise and appropriate the sum of Three Million Two Hundred Thousand Dollars (\$3,200,000.00) to participate in the State of New Hampshire Department of Transportation Municipally Managed State Highway Aid Program to reconstruct the following State Road in the Town of Tilton: Calef Hill Road; and to authorize the issuance of not more than Three Million Two

Hundred Thousand Dollars (\$3,200,000.00) of bonds or notes in accordance with the Municipal Finance Act (RSA 33), and authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and to authorize the Board of Selectmen to apply for, accept, and expend any state or other aid that may become available for said project; provided, however, that the Board of Selectmen shall not be authorized to issue any bonds or notes unless and until the Town has received a binding commitment for State Aid for said project in an amount at least equal to two-thirds of the total cost of the project. This appropriation is not included in the operating budget. ***This article is recommended by the Selectmen and the Budget Committee.*** (A three-fifths ballot vote required.)

Article 4. To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Tilton Selectmen and the Tilton Police Union NEPBA Local 29 which calls for the following increases in salaries and benefits at the current staffing level:

Fiscal Year	Estimated Increase
2021 - 2022	\$33,463.00
2022 - 2023	\$29,164.00
2023 - 2024	\$29,164.00

and further to raise and appropriate Fifteen Thousand Four Hundred Sixty-Six Dollars (\$15,466.00) for the current fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels. ***This article is recommended by the Selectmen and the Budget Committee.*** (A majority vote required.)

Article 5. To see if the Town will vote to raise and appropriate the Budget Committee recommended sum of Five Million Nine Hundred Eighty-Five Thousand Three Hundred Fifty Six Dollars (**\$5,985,356**) for general municipal operations. The recommended amounts do not include special or individual warrant articles addressed separately. (A majority vote required.)

Article 6. To see if the Town will vote to raise and appropriate the sum of Two Hundred Seventy-Five Thousand Dollars (\$275,000.00) for the purpose of paying down debt service for the construction of the new police station authorized in the 2020 Warrant Article 3, with said funds to come from the sale of the former police department building. ***This article is recommended by the Selectmen and the Budget Committee.*** (A majority vote required.)

Article 7. To see if the Town will vote to raise and appropriate Three Thousand Dollars (**\$3,000.00**) to be added to the **Tilton Senior Center Expendable Trust Fund**, previously established. This appropriation is not included in the operating budget. ***This article is recommended by the Selectmen and the Budget Committee.*** (A majority vote required.)

- Article 8.** To see if the Town will vote to raise and appropriate the sum of Thirty-Five Thousand Dollars **(\$35,000.00)** to be added to the **Highway Equipment Capital Reserve Fund** previously established. This appropriation is not included in the operating budget. ***This article is recommended by the Selectmen and the Budget Committee.*** (A majority vote required.)
- Article 9.** To see if the Town will vote to raise and appropriate the sum of Ninety Thousand Dollars **(\$90,000.00)** to be added to the **Town Roads, Bridges and Sidewalks Capital Reserve Fund**. This appropriation is not included in the operating budget. ***This article is recommended by the Selectmen and the Budget Committee.*** (A majority vote required.)
- Article 10.** To see if the Town will vote to raise and appropriate the sum of Nine Thousand Dollars **(\$9,000.00)** to be added to the **Revaluation Capital Reserve Fund** established in 2002. This appropriation is not included in the operating budget. ***This article is recommended by the Selectmen and the Budget Committee.*** (A majority vote required.)
- Article 11.** To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars **(\$5,000.00)** to the Lake Improvement/Maintenance Capital Reserve Fund previously established. This appropriation is not included in the operating budget. ***This article is recommended by the Selectmen and the Budget Committee.*** (A majority vote required.)
- Article 12.** To see if the Town of Tilton will approve the transfer of Tilton Island, also known as Island Park, formerly called Atkinson Island, from the territory and jurisdiction of the Town of Northfield in Merrimack County to the territory and jurisdiction of the Town of Tilton in Belknap County and to authorize the Board of Selectmen of Tilton to take any and all necessary acts to effect the transfer of the administration and management of Tilton Island, also known as Island Park, formerly called Atkinson Island, in order that said Tilton Island, also known as Island Park, formerly called Atkinson Island, shall, henceforth, be the sole responsibility of the Town of Tilton. A two thirds ballot vote is required for passage. ***This article is recommended by the Selectmen.*** (A two-thirds ballot vote required.)
- Article 13.** To see if the Town will vote to change the purpose of the existing Tilton-Northfield Island Capital Reserve Fund to the Tilton Island Preservation & Improvements Capital Reserve Fund. ***This article is recommended by the Selectmen.*** (A two-thirds ballot vote required.)
- Article 14.** To see if the Town will vote to discontinue as a public roadway Bittern Lane, which has an estimated length of 470 feet. Bittern Lane today serves as the principal access to the MB Tractor property and a secondary access to the adjacent Agway property. ***This article is recommended by the Selectmen.*** (A majority vote required.)
- Article 15.** This article is contingent upon Article 14 passing. To see if the Town

will vote to authorize the Selectmen to transfer its deeded ownership interest in a portion of the discontinued Bittern Lane to the owner of the adjacent MB Tractor property. If the voters vote to discontinue Bittern Lane, no purpose will be served by the Town continuing to own the land within a portion of the discontinued Bittern Lane right-of-way. *This article is recommended by the Selectmen.* (A majority vote required.)

Article 16. NEW HAMPSHIRE RESOLUTION FOR FAIR NONPARTISAN REDISTRICTING
By petition of 25 or more eligible voters of the town of Tilton to see if the town will vote to urge that the New Hampshire General Court, which is obligated to redraw the maps of political districts within the state following the federal census, will ensure fair and effective representation of New Hampshire voters without gerrymandering.

Additionally, these voters ask the town of Tilton to urge the NH General Court to carry out the redistricting in a fair and transparent way through public meetings, not to favor a particular political party, to include communities of interest, and to minimize multi-seat districts.

The record of the vote approving this article shall be transmitted by written notice from town officials to Tilton's state legislators, informing them of the demands from their constituents within 30 days of the vote. (submitted by petition)

Article 17. To enact any other business that may legally come before the meeting.

ZONING AMENDMENTS
proposed for
2021 TOWN MEETING
by the
PLANNING BOARD

For further information regarding the proposed amendments, please contact Lee Ann Moynihan, Land Use Coordinator by phone at (603-286-4521) or by email at lmoynihn@tiltonnh.org.

NOTE:

- Text appearing underlined represents proposed additions to the ordinance.
- Text appearing in ~~strike through~~ represents proposed deletions from the ordinance.

Amendment No. 1

(Accessory Building)

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: amend Article VII/Appendix C: Note 2 to change the setback requirements for an Accessory Building from a percentage to a specific distance from the boundary line.

REPLACE Article VII Appendix C Note 2

(2) ~~“Accessory building may not occupy more than ten percent of the area required for the side or rear setback, and are not permitted in front setbacks”~~ and replace with On any lot, an accessory building greater than 200 square feet may be erected and maintained only with building setbacks in accordance with the requirements of this item. An accessory use structure, less than 200 square feet and no higher than 17 feet, may not be constructed within 10 feet of the property line nor between a line drawn parallel to the street and passing through the closest front edge of the primary building.

Why the change?

To provide a clearer understanding of what the allowed setback requirement is for accessory buildings by eliminating the percentage and replacing with an exact distance allowed from the boundary line.

Amendment No. 2

(Accessory Dwelling Units)

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: amend Article 10:Section 8 to clarify the process of determining the allowable size of an accessory dwelling unit based on the “living space” of the “primary” structure.

REPLACE Article 10 Section 8.

The accessory dwelling unit shall comprise no more than 35% or 750 SF, whichever is greater, of the ~~floor area~~ living space (The area of a house that is above grade, heated and cooled, and that is connected to the main body of the house by other finished areas such as hallways or stairways; excluding garages, garage apartments, porches that are not enclosed or suitable for year round living, and patios.) of the entire primary structure ~~or structures~~ not including the ADU.

Why the change?

The amendment will clarify how to determine the maximum allowed size of an accessory dwelling unit by defining “living space” of the primary structure not including the ADU.

Amendment No. 3

(Solar Ordinance)

Are you in favor of the adoption of Amendment No. 3, as proposed by the Tilton Planning Board, by adding a new Solar Ordinance that aligns such solar energy use with the Town’s Master Plan and rural character, and allows the use by issuance of a building permit instead of more rigid guidelines.(See Tilton Website at tiltonnh.org for complete Ordinance)

ADD Solar Ordinance

SOLAR ENERGY SYSTEMS ORDINANCE

Proposed amendments to the Tilton Zoning Ordinance to accommodate solar energy systems.

❖ ***Make the following changes in Tilton Zoning ARTICLE II. DEFINITIONS AND STANDARDS 2.1 DEFINITIONS.***

➤ ***Add this new section for “Solar Energy Systems.” insert this section before “special exceptions”***

SOLAR ENERGY SYSTEMS – Specific definitions pertinent to solar energy systems follow.

Solar Energy – Radiant energy emitted by the sun.

Solar Energy System – A structure and the related components used to transform solar energy into electricity, including a solar photovoltaic system and a solar thermal system.

Solar Photovoltaic System – A solar collection, inversion, storage and distribution system that converts sunlight into electricity.

Solar Thermal System – A solar collection system that directly heats a heat-transfer medium.

Roof- or Building-Mounted Solar Energy System – A solar energy system attached to and completely supported by a building and not extending beyond the building footprint more than 5 feet. The system may include limited accessory equipment that is ground mounted. A single-family or duplex residential solar energy system or a multiunit residential or nonresidential solar energy system that is installed on a carport is considered a roof- or building-mounted solar energy system if the carport is attached to a main building. If carport is freestanding, it shall be considered a freestanding solar system.

Freestanding Solar Energy System – A ground-mounted solar energy system, including a stationary or tracking system (either single axis or dual axis). An enterprise solar energy system that is installed on a carport is considered a freestanding solar energy system.

Single-Family or Duplex Residential Solar Energy System – An accessory use that is designed to provide energy for the principal use.

Multiunit Residential or Nonresidential Solar Energy System – An accessory use that is designed to provide energy for the principal use.

Enterprise Solar Energy System – A principal use designed to generate energy for use off site.

Shared Solar Energy System – A solar energy system that serves houses and/or developments situated on two or more separate lots. The system is considered accessory to the uses on each of the lots that it serves.

➤ *Insert this section before “certified wetland scientist”*

CARPORT – A roofed structure for parking motor vehicles that is open on at least two sides. A carport may be a freestanding structure or attached to a building.

Town of Tilton 2020 Annual Report - Page 32

1. **Authority.** This ordinance is adopted pursuant to RSAs 362-F, 374-G, 477:49, 672:1 III-a, and 674:17 (I)(j).
2. **Purpose.** The purpose of this ordinance is to:
 - a. regulate the implementation of solar energy systems in accordance with the Tilton Master Plan;
 - b. promote environmental sustainability while respecting aesthetics and preserve the rural character, particularly as seen from public roads and the use of productive agricultural lands; and
 - c. comply with and support the State of New Hampshire's goal of developing clean, safe, renewable energy resources as provided for in the statutes referred to in 1., above.
3. **Applicability.** Solar installations that produce less than one kilowatt and are not connected to the electrical grid are not covered by this ordinance, though they may be subject to other specific regulations.
4. **Single-Family or Duplex Residential Solar Energy System (accessory use).**
 - a. **Basic requirements.** This accessory use serves single-family or duplex residences situated on the same lot. Both roof- or building-mounted and freestanding systems are a permitted accessory use in all zoning districts. Only a building permit is required (except under c. below).
 - b. **Placement.** For a freestanding solar energy system, no part of the system may be placed closer to the front property line (and side property line in the case of a corner lot) than the fully enclosed part of the house closest to the street. In addition, for a freestanding solar energy system that exceeds 10 feet in height (any part of the system), no part of the system may be placed closer to the front property line (and side property line in the case of a corner lot) than the fully enclosed part of the house furthest from the street.
 - c. **Special Exception.** A proposed system that does not conform with b. above, may be approved by a special exception provided it is not practical to place the system as specified in b., above.

5. **Multiunit or Nonresidential Solar Energy System (accessory use)**. This accessory use serves all uses other than single-family or duplex residences – multiunit developments, commercial uses, other nonresidential uses, mixed uses, and shared systems, including systems serving residential subdivisions.

A roof- or building-mounted system is a permitted accessory use in all zoning districts. Only a building permit is required.

The following standards and procedures apply to freestanding multiunit residential or nonresidential systems.

- a. Site plan review with the Planning Board is required.
- b. The maximum allowed rated nameplate capacity for the system is the capacity that is needed to serve the estimated annual on-site requirements of the property.
- c. No part of the system may be placed closer to the front property line (and side property line in the case of a corner lot) than the part of the fully enclosed principal building closest to the street. In addition, for a system that exceeds 10 feet in height (any part of the system), no part of the system may be placed closer to the front property line (and side property line in the case of a corner lot) than the fully enclosed part of the principal building furthest from the street.
- d. In cases where there is no building or no distinct principal building on the lot or where there are multiple lots, the system shall be set back at least 100 feet from the front property line and screened from the road. Where freestanding systems are taller than 10 feet, additional setback requirements shall be calculated at 10 additional feet per one foot of additional height.
- e. A proposed system that does not conform with c. or d., above, may be approved by a special exception (separate from the special exception if one is needed for the accessory use) provided:
1) it is not practical to place the system as specified in c. or d., above; and 2) the system is screened from the road and from neighbors in accordance with a plan submitted by the applicant and approved by the Planning Board.
- f. The Planning Board may require an analysis of potential glare at its discretion.

6. **Enterprise Solar Energy System (principal use).** This designation refers to a system that is designed to generate electricity or thermal energy for off-site utilization. The following standards and procedures apply to enterprise solar energy systems.
- a. Site plan review is required for all systems, including roof- or building-mounted systems.
 - b. The system shall be set back 100 feet from the front property line. Where freestanding systems are taller than 10 feet, additional setback requirements shall be calculated at 10 additional feet per one foot of additional height. The system shall be screened from neighboring roads and properties in accordance with the Site Plan Regulations and as reasonably determined by the Planning Board.
 - c. The applicant shall submit an analysis about potential glare at the Planning Board's request.
7. **Other provisions.** The following additional provisions apply to all solar energy systems.
- a. **Building permit.** A building permit is required for the installation of any system except as defined in note 3.
 - b. **Setbacks.** Every part of a freestanding system, including components elevated above the ground and moving components, shall conform to required setbacks for the zoning district.
 - c. **Maximum Height.** For roof- or building-mounted systems located in any of the four residential zoning districts, the maximum height for any part of the system is five feet above the ridge of the roof or five feet above the highest part of the roof where there is no ridge. For roof- or building-mounted systems not located in one of the residential zoning districts, there is no height limit. The maximum height for freestanding systems is 25 feet.
 - d. **Impervious surface.** The maximum impervious surface ratio in the Table of Dimensions does not apply to solar energy systems.
 - e. **Submission requirements.** Applicants for projects that require a site plan review shall submit all pertinent information to the Planning Board as specified in the Site Plan Regulations and all elements specified by the Zoning Board of Adjustment, including but not limited to:
 - Specifications for the equipment to be installed,
 - Distance from road, including justification for placing closer than 100' if such placement is proposed
 - Siting and description of interconnection to the electrical grid and/or on-site storage,
 - Screening and/or buffering plans,

- Description of potential glare visible from roadways or abutting properties, and plan to address, if present,
- Decommissioning Plan for freestanding systems that serve more than two residential units,
- Any other relevant site and project specific details regarding the removal of the structures and reclamation of the site when the system is no longer in use.

- f. **Decommissioning.** Applicants for Solar Energy Systems shall submit a plan as part of site plan review for the removal of the structures and reclamation of the site when the system is no longer in use.
- g. **Review process.** The process for review of proposed solar energy systems is specified in Table below. In case of any conflict between this table and the text of the ordinance or the Table of Uses, the text of the ordinance and the Table of Uses shall prevail.
- h. **Solar easements.** Private property owners may establish solar skyspace easements to preserve access to solar energy at their option pursuant to RSAs 477:49, 50, and 51.
- i. **Vegetation Control.** Method of controlling vegetation and schedule. Use of chemicals to control vegetation shall not be permitted.

REVIEW PROCESS FOR SOLAR ENERGY SYSTEMS

<i>Type of use</i>	<i>Roof- or Building-mounted</i>	<i>Freestanding</i>
Single family or duplex residential system (accessory use)	Permitted as accessory use to any single family or duplex residence Building permit only	Permitted as accessory use to any single family or duplex residence Building permit only Special exception if system does not meet placement requirement
Multiunit residential or nonresidential system (accessory use) including shared systems	Permitted in all zones Building permit only	Permitted in all commercial core and research-industry zones (except for Central Business District, below) Special exception in CB, R, RA, RB, and RC zones Site plan review
Enterprise solar system (principal use)	Site plan review	Conditional use in RA RG RC GC and IN Site plan review

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Tilton
Tilton, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Tilton as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Tilton, as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in total OPEB liability, schedules of proportionate share and contributions of the NHRS net OPEB liability, and schedules of proportionate share and contributions of the net pension liability as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Tilton's basic financial statements. The combining nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

TOWN CLERK TAX COLLECTOR

Together we can continue to make Tilton an even better place to live!

Town Clerk Tax Collectors Collections

Year	Town Clerks Office	Tax Collectors Office	Total Revenue Collected
2019	\$1,027,266.25	\$13,872,993.45	\$14,900,259.70
2020	\$1,113,983.10	\$13,410,506.99	\$14,524,490.09

Tax

Please know that if you **do not** have the entire amount due, pay what you can. Be mindful that the interest will continue to accrue. If you do not have an escrow account and would like to make monthly prepayments towards the current tax year please include your map, lot and sub lot on your check along with your phone number in (memo area). I only accept prepayments for the current year. I do **not** accept prepayments for the upcoming year.

Dogs

State Law requires that all dogs must be licensed by April 30th. For your convenience, you can license your dog(s) in February. Renewal letters are mailed to each owner giving you the option to license your dog online, by mail with a self addressed stamped envelope and in person. Many of you know that my office is dog friendly and we love to see your four legged family members. State law requires any dog not licensed by April 30th a civil forfeiture must be processed which carries a heavy fine per dog.

Year	# Dogs Licensed	# Civil Forfeitures	Revenue Collected (includes fines)
2020	788	41	\$7,289.50

Vital Records

158 Vital Record transactions were processed bringing in \$3,440.00 in revenue. Birth, Marriage, Death and Divorce records are available in any Clerk's office in NH. All restricted records requests must have direct and tangible interest in obtaining the record. Unrestricted records are Death, Marriage and Divorce older than 50 years and Birth records older than 100 years.

As always, please contact me with any questions, concerns or suggestions that you may have. I thank you for your confidence in allowing me to serve you for the past 22 years. It has been a pleasure.

Respectfully submitted,

Cynthia D. Reinartz, CNHTCTC

Tilton Police Department

In 2020 the Tilton Police Department, like many agencies in New Hampshire and across the country, had an extremely challenging year due to the COVID Pandemic. We had to make many adjustments in how we handled calls for service, particularly with arrests and our day to day operations in order to keep the staff and public safe. This included handling more calls for service over the phone, doing some business by appointment only and limiting visitors into our lobby. With all the changes and challenges our staff faced in 2020, they continued providing the community with the same level of professional services as any year, only in a different manner.

Also, during the first half of the year vehicle traffic was reduced and certain types of calls were down as a result, such as traffic collisions. Officers used the additional free time to increase high visibility and directed patrols around town. However, summer activity saw a sharp increase in calls which lasted into the fall. Overall, even though we experienced less activity at the beginning of the year due to the pandemic, Patrol still handled 18,705 calls for service, an increase from 2019 when they handled 16,754 calls for service.

Some positive changes to note in 2020 include Officer Elizabeth “Liz” Murray taking over as the new School Resource Officer at Winnisquam Regional High School and Middle School. She is already doing a great job building strong relationships with the students and staff. Along with Officer Murray, Patrol Officers also took on new roles by attending more community meetings with organizations such as the Tilton Northfield Rotary Club to help them plan more community events. Officer Abe Gilman worked throughout the year to update parking plans for the municipal lots and village district streets. It is an ongoing process to maximize the amount of parking we have for the downtown businesses and residents and I know working with the town and downtown businesses, he will continue to improve the plan each year. Also our department began a new partnership with the Great Tilton Area Family Resource Center with a new ACERT Program which will provide children resources if they have experienced an adverse childhood experience in their life. In 2020, Investigations and Prosecution had a very challenging year with the pandemic. Drug Investigations either increased or stayed steady throughout the year. The courts however, closed for a period of time and then reopened with a virtual model to safely handle all the day to day hearings and trial needs throughout the summer. Grand Jury indictments were postponed until the fall, which would have typically occurred each month. This brief shutdown created a backlog of cases at court, making it difficult to prosecute cases quickly and bring them to a close for the victims. Dispatch Communications continued our program called “Cops and Caregivers” where seniors can opt in to receive a daily well-being phone call from a friendly dispatcher to say hi and make sure they were well. Now in its second year, the program is going very well and we encourage senior residents to take advantage of the daily call program by contacting our dispatch center to get signed up.

At the 2020 Town Meeting we were finally approved to move forward on a new Police Station located at 45 Sanborn Road. My staff and I would like to sincerely thank all the residents and elected officials who supported us with the new station project and helped make it a reality. There have been several Police Building Committees since

2006 and I know many of you have donated countless hours of your time to them. We would like to especially thank the most recent Police Building Committee and Chair, Kevin LaChapelle for doing a great job. Thanks to your dedication and hard work last year, the town now has a modern new Police facility which brings the department into the 21st century and will last for many years as the town grows and changes.

Lastly, in December of 2007, I learned I would be the new Chief of Police for Tilton and formed several goals for the department when I began. I wanted us to be much more involved in community, taking part in all community events and creating new ones for families. I wanted all the residents and businesses to feel like we were part of the team that makes Tilton a great place to live and work. Over the years we created many new events including Movies in the Park, Cruise Night Fundraisers at Tilt'n Diner, Cram a Cruiser to benefit Every Child is Ours, and the TNS Toy Drives at Walmart. Another important goal I had was to bring the absolute best training available to the Tilton Police Department and give them the tools they would need to solve even the largest cases. This would give them the ability to always provide you with the most professional police service possible.

Over the years, I really feel we have accomplished all the goals I set for the department and I am extremely proud of all the great work my team at Tilton PD has done. I am confident that all our community partners know we will always be there for any community need or event. The Tilton Police Department has developed a reputation over the years as an agency that is committed to solving and prosecuting every case possible. As a result of the outstanding tools and training they have gotten along with successfully solving and prosecuting a high number of cases, many other Law Enforcement agencies frequently reach out to Tilton Police for assistance. Our department has grown to become a resource to others all over New Hampshire and the United States.

Lastly, in 2021 as I begin my 14th year as your Chief of Police and my 39th year in Law Enforcement it is hard to believe how quickly the years have passed since coming to Tilton. It was this year that I knew I would retire from Tilton and begin my next career chapter. I also hope to spend a little more time with family and friends. My final goal before I retired from Tilton was to help get my staff the desperately needed new Police station so they can perform their job safely and that goal was completed this year. I feel blessed to have achieved all my goals and make so many great friends in Tilton over the years. As I pass the torch to the next person who will be selected as your next Chief of Police, I feel confident that I am leaving you with a great team of dedicated men and women who will continue to provide the residents and businesses with the absolute best Police service.

I would like to thank all of you who have supported me and been there for me over the years. Tilton will always have a special place in my heart and I will always be there for you if any of you need me.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Bob Cormier', with a stylized flourish at the end.

Chief Bob Cormier

There will be no charge to the residents for this **SPRING & FALL CLEAN UP**. Any questions please call Kevin Duval, Public Works Director at 286-4721, or Town Hall at 286-4521 ext 100

SPRING & FALL BRUSH AND LEAF DROP OFF

Residents and property owners of Tilton, NH may bring brush and leaves (MAXIMUM OF 4" IN DIAMETER AND LESS THAN 6' IN LENGTH) to the Clark Road entrance of the Tilton Public Works Department for brush and leaf drop off.

Please call the Public Works department for a current schedule of drop off days.

Department of Public Works

2020 will stay in our thoughts for many years to come. We were faced with many challenges. The Pandemic tested our ability to overcome and adapt. I am proud to say that the DPW crew has avoided the health issues generated by the Pandemic. The adjustments that were made allowed us to provide the highest level of service to the town of Tilton. One example of the changes that were made was restructuring amnesty week at the transfer station. We were able to hold the biannual event with minimal inconvenience to the residents. We were also able to complete the paving project on Cedar St, Pine St, Highland Ave and Linden Ave. We postponed other projects that were scheduled due to the uncertainty of total affects of the Pandemic.

I would like to mention that we added one crew member to our team. This additional team member will ensure the department's ability to provide quality service to the town of Tilton as it continues to grow and prosper.

The fleet of trucks and equipment are in good working condition. We will continue to maintain and monitor the condition of our fleet to ensure many years of service.

We encourage the residents and businesses to contact us directly with any concerns they may have. We look forward to providing the highest level of service to the Town of Tilton and its taxpayers.

In closing, I would like to say thank you to my team for their hard work throughout this difficult year. I would also like to say thank you to the residents of Tilton for their patience and understanding throughout this difficult year.

Sincerely,

Kevin D Duval, Director of Public Works

Human Service Department

Tilton's Human Service Department experienced a drastic increase in various inquiries and applications in 2020. Many residents were looking for direction on how to navigate the new reality they found themselves trying to survive, in 2020. Early Spring 2020 – the world changed. You or your neighbors who were economically, socially, or medically vulnerable may have suffered a significant loss, this loss could be in the form of employment, or a precious family member, or simply the luxury of enjoying a pizza in a restaurant without a mask- the world changed. This department "Human Services" is the one people turn to for assistance when the safety net they rely upon has frayed, become tangled or torn. Suddenly in 2020, it was as if these safety nets were all sliced simultaneously.

General Assistance (Town Welfare) is assistance granted to residents from local tax dollars. As I have noted in previous years the state (in theory) does not downshift costs to the town; individuals should not be in the practice of requiring Town, State, or Federal Assistance to meet basic needs. Town Welfare is mandated by NH state statute to provide shelter or housing to people who are homeless in their municipality. In 2020, housing prices- basic shelter costs have exploded; basic needs were in real demand. People were stockpiling toilet paper or Lysol and sanitizing wipes, yet paychecks were being replaced by unemployment checks. This year we have had our client caseload grow exponentially. Previously or pre-pandemic the "normal" baseline of clients consisted of families dealing with economic insecurity due to health issues, then add in the pandemic, with its spider web of impact and you have created the perfect storm for demand for increased dependency on Human Services. This past year we have encountered more homeless cases in one year, than I have collectively encountered in the 24 years working for this Town. This fact alone is astounding.

Partner agencies have kept the Town afloat and collectively we have been able to meet the exhaustive demand for services. We even have partner agencies providing the Welfare Director office space to meet with Town Welfare Clients to allow for social distancing and confidentiality. Homeless clients are they most challenging clientele to serve adequately. The barriers these individuals' faces are infinite. Juggling the needs of the client, while traversing the disconnected maze of State services takes commitment, patience, persistence, and coordination- qualities that most individuals who find themselves homeless are in short supply of. The Law mandates that we provide for the basic needs of our residents, and that includes shelter. Statewide on any given day this past year, it was difficult if not impossible to find a "shelter bed", for an individual let alone a family, in these cases we have had to utilize hotel rooms to keep people from sleeping in cars at the Park-n-ride. This summer we even had to resort to campgrounds to shelter some applicants. Referrals to appropriate resources and services, as well as client advocacy, are ongoing tasks of the Welfare Director.

We were faced daily with the harsh reality that 2020 was an incredibly unique and challenging year, this was a year of survival, caring, collaboration and planning. The Tilton community is enriched and benefits greatly by the assistance provided from local churches and community organizations, and in particular The Tilton Area Family

Resource Center. This past holiday season the Welfare Administrator worked to coordinate the applications for the Thanksgiving and Christmas Food Baskets, as well as the Tilton Northfield Sanbornton Christmas Fund. This effort brings joy, happiness, clothing, and warmth to many in our community, economically it sustains many families and alleviates additional financial burdens to the local Towns, including Tilton.

With the on-going vulnerability of the virus, and its corresponding impact on employment, health, education, and welfare this office will continue to be nimble to serve the evolving community needs, which unfortunately includes an increasingly transient homeless population. We shall strive to keep to a minimum our direct expenses and continue to cultivate relationships with partner agencies to share the economic burden. Fortunately, taxpayers in Tilton have always understood that we have a statutory and moral responsibility to serve our residents. In 2021 we anticipate providing fiscally conservative yet socially responsible support or assistance: to the vulnerable, sick, needy, and the working poor in Tilton. The total expended on behalf of Tilton residents through General Assistance by the Tilton Human Service Department in 2020 did not exceed \$21000- many of those expenditures were for services to those struggling with homelessness.

As we begin a New Year, I do have hope that 2021 will be better for all. The Tilton Community is collectively weathering this implausible storm and gaining strength, knowledge, and added expertise into new resources or avenues to assist all those who seek aid. Tilton will preserve and prosper. I wish you good health, peace, and happiness in the New Year. Thank you to all our partners, and friends who have generously assisted or supported us in serving our clientele.

Respectfully submitted:

Heather D. Thibodeau, M.Ed.,
Welfare Director

Building Inspector's Report

With the COVID epidemic impacting many businesses throughout 2020, Construction continued to be very active with new construction as well as improvements to residential and commercial properties. The Department would like to thank all the businesses and residents for their cooperation during these challenging times. We look forward to a productive and safe 2021.

Conservation Commission Report

The mission of the Tilton Conservation Commission states that: “The Commission shall assist and advise the citizenry, property owners, State of New Hampshire, other municipal boards and/or commissions with information relevant to the proper utilization of Tilton’s natural resources.”

Despite the restrictions of the pandemic, the Tilton Conservation Commission met (in person and remotely) thirteen times, during the year in 2020. Members reviewed proposed projects dealing with wetlands, soils, and other natural resources. They asked questions and offered input as part of their responsibility to the community.

The TCC also approved capital reserve funding for milfoil eradication as requested by the Winnisquam Watershed Network and the Silver Lake Association. Almost one hundred gallons of milfoil were removed from Silver Lake, while the Winnisquam Watershed Network contracted for a chemical treatment to remove the invasive in Lake Winnisquam. Both associations indicated that there was a reduction in the amount of milfoil as a result. It is anticipated that both groups will be planning for additional milfoil removal activity in 2021.

The TCC was able to complete the process of having the 1911 Tilton map digitalized, conserved, protected, and framed thanks to the State of NH’s Moose Plate Grant Program which provided the funding. Currently, the map is hanging on the first floor of Town Hall thanks to the efforts of Kevin Duval.

A concern about loon deaths in local waters has led to a plan being spearheaded by a member of the commission to partner with other conservation commissions and local environmental groups to develop guidelines for monofilament fishing line recycling. This will be a continuing project next year.

The Tilton Conservation Commission, in trying to protect the town’s natural resources, reviews and comments on any project in town that impacts wetlands, whether small or large. We review “Dredge and Fill” applications that are submitted in a timely manner and have the prerogative to comment to NHDES, and other town boards. We are not an enforcement commission, so if anyone notices suspicious activity in a wetland, they are encouraged to immediately report it to the town’s code enforcement officer, Albert LaPlante, at 286-4521 Ext. 106 code@tiltonnh.org or to fill out a complaint on the Town’s website, or one can also file a complaint directly with NH Department of Environmental Services at <https://www.des.nh.gov/complaints>

The Conservation Commission meets at 7 PM on the third Monday of each month and the public is welcome to attend. The minutes of our meetings are posted on the Tilton Conservation Commission website: <http://www.tiltoncc.org/mission.htm>. In addition, the Commission publishes a seasonal newsletter which can be viewed at: <http://www.tiltoncc.org/news.htm>.

Parks Commission

Town of Tilton Parks Commission's Mission is to provide effective park management to enrich the lives of the community's residents. We achieve our mission by providing a variety of recreational areas for persons of all ages and abilities at various locations throughout the community. We manage and maintain the town's investment in parks, open spaces, and recreational facilities, with emphasis on accessibility, aesthetic quality, and educational opportunities. We use a systematic, balanced approach to the planning, acquisition, development and rehabilitation of park lands and recreational facilities judiciously scheduling recreational facilities among the town's various recreational interests. To enhance this mission, we offer popular activities and program yearly.

This year with the pandemic, many of our events like the annual egg hunt, and knocker ball had to be cancelled. The annual Christmas parade supported by Tanger Outlets changed to a drive by parade which also had to be cancelled due to inclement weather.

We were able to hold a wildlife encounters show in September attended by over 50

residents and friends. Then in October we held a special wildlife encounter show "Animals of the night." Again about 50 residents attended.

Both events were hosted following CDC guidelines. The Parks Commission would like to thank everyone that showed up for wearing their mask, making these events possible.

The parks were also used by multiple groups and organizations to host their own events. We would like to remind everyone that they need to please sign up at

the Town Hall if they are planning to use any of the parks to host an event.

The Parks Commission again wants to thank the Town Public Works Department for setting up the ice-skating rink at 132 ball field and maintaining the ice rink during the winter. We are formalizing plans for several events including some new ones this year. The following is a link to events that are in the planning stages. The events and dates will be published on the town web site www.tiltonnh.org so keep checking.

We are always looking for ideas for new events. If you have any ideas, please contact any of the commissioners. As events are added they will be posted on the Town website

Tilton Parks Commission

Robert Hardy Chairman, Katherine Dawson Secretary, Marina Sumner Parade Coordinator, Bill Lawrence, Ellie Giannine and Peter Fogg Ex-Officio.

Tilton Sewer Commission

2020 has been a year we will not soon forget!

When the pandemic hit we were accosted with a toilet paper shortage! This resulted in wastewater treatment workers being confronted with more non-flushable related items, (which destroy pumps) than ever before. As we began to learn more about the virus, it became known that Covid 19 has been found to live in wastewater and can be traced that way. Tilton Sewer Commission was able to access several grants that provided us with PPE.

We have learned to adapt and to maintain our distance, wash our hands, wear masks and conduct meetings remotely. It has been a scary and trying year and we thank you for your patience as we navigate forward together.

In 2020 Tilton Sewer Commission approved 3 new hookup applications:
One residential and Two Commercial (Planet Honda and BB Scoops)

A section of pipe was replaced on Winter St. One residential grinder pump was replaced. Camera work proceeded forward for the line replacement on Academy St., although the project was delayed due to the pandemic.

In March the Town Meeting determined that the much anticipated West Main St. line would not go forward at this time. It is hoped that the Town will reconsider in the future, as tying in this last section of West Main St. would allow for further development in the area and serve those whose systems will fail in the future.

Our biggest issue remains non-flushable items entering our system. Keeping those items out of our system will help keep costs down for everyone.

Tilton Sewer Commission would like to thank AAA Pump Service, Rowell's Services, Ken Partridge Construction, Ted Berry Company, Dubois and King and Tilton PUBLIC Works Department and the PD for a great 2020.

Iris Ianno

Wow, it is hard to appreciate all that has happened this past year. The Covid-19 virus grabbed hold of us and really forced us all to be more aware and concerned for our community. As a result we had to close the Senior Center for a period of time. When we were able to re-open the seniors practiced social distancing and wore masks. Our Wednesday night concerts were also halted and restarted last spring as well. We have so many gifted community members that spend their time coming and playing music for those who attend. Although Wednesday night music is closed currently, we look forward to better times and enjoying our music again.

Good things also took place in 2020. In the spring we took delivery on a used van for transporting our seniors that no longer drive to places they need to go as well as shopping. We are working to gain more volunteer drivers so we can expand the bus schedule and coverage area. We owe a huge thank you to the Community Action Program for helping us in securing an appropriate vehicle. Also, a special thank you to Kevin Duval for his expertise in guiding us to the best purchase for our needs. We had limited fund raising because of the virus but we did manage to do some. A huge thank you to all the volunteers that helped with the summer sales of food and drink at the concerts. Our yearly yard sale was profitable and everyone helped to keep it safe. We look forward to a healthier new year so that we can continue to fund raise and create new programs and services for our senior community to enjoy.

Speaking of volunteers, we know that our volunteers spend countless hours giving freely of their time, expertise and experience so that projects and programs can be a great source of enjoyment for our community members. Thank you all for enriching our lives.

We would also like to take this opportunity to acknowledge all of the generous people that have given donations to the Senior Center. Our businesses have contributed to materials and expertise needed to complete maintenance projects at the center, as well as private donations from families that like what the center offers to all those who participate. Please know that our heartfelt appreciation is genuine and we feel very blessed to have each of you are a part of our community.

Last but not least, we welcome those of you that would like to volunteer at our center. Time spent volunteering is good for both the volunteer and the recipient. The volunteer gets to share his talents and brings new purpose to his life and recipient benefits from all that the volunteer brings to the center. If you are interested, please call the Town Hall at 603-286-4521 ext 100.

Sincerely, Tilton Senior Center Executive Committee

2020 was a year of change and transitions at Hall Memorial Library. Though we started off our year with a bang, by the end of March we were closed due to the Governor's stay at home order. We reopened to curbside pickup May 5 and on July 22, we reopened to browsing for books and computer use by appointment for 30 minutes at a time.

Throughout these difficult times, our full time staff continued to work both in person and from home, to provide as many services as we could to those at home. We offered virtual programming such as storytime and craft tutorials. One of our favorite programs to offer was when we partnered with local company Dumka Productions and offered a virtual Trivia series that was so much fun! Our one in person program was giving away books weekly, at Winnisquam Regional's lunch pick up program from March until school ended. We gave away approximately 375 books to local school children, through the assistance of the Raven Gael Blaisdell Foundation at Hall Memorial Library.

In order to follow CDC guidelines, the Trustees decided to retrofit the main circulation desk with permanent glass partitions to protect the staff and public from the passing of germs. Plexi partitions were put up at our public access computers and in our Children's Room. We also continued the option of curbside pickup for all of our patrons which has been a well utilized service. We genuinely look forward to seeing our patrons as they pick up books and items as it keeps us connected to our vibrant community.

In addition, we expanded our eServices Card offerings so that patrons could access ebooks and audiobooks from home. Our usage of NHDownloadables saw a

28% increase over 2019 and continues to grow. We also offered phone support for technological issues and reference questions.

We are so thankful to the community who supported and rallied with us throughout this rollercoaster year. Letters and phone calls of encouragement and discussions about how much people missed the library bolstered us during 2020. Please follow us on Facebook so you can stay up-to-date on what's happening at Hall Memorial Library, both virtually and in-person.

We happily look forward to 2021 and hope nicer weather and vaccinations will bring the community back to the Library!

TILTON-NORTHFIELD OLD HOME DAY COMMITTEE

The annual Tilton-Northfield Old Home Day celebration was scheduled to be held on Saturday, June 27, 2020 and the year's theme was "The Roaring Twenties". Unfortunately, like so many other great community activities the event needed to be cancelled due to COVID-19. It was a decision that was difficult to make however, we all knew it was the best decision for our community members. Old Home Day has been (and will continue to be!) a part of so many people's fond childhood memories.

The Committee and town officials will continue to monitor the situation with COVID-19 and make a decision regarding how the 2021 event may be held, and we are hopeful for the best! The committee is always seeking volunteers to help with this event. If you would like to join the committee or would just like to share your ideas, activities to offer or give suggestions for Citizens of the Year, please contact me at 603-387-4178 or by email at TNOHD.Committee@gmail.com. Please "like" and join the Tilton-Northfield Old Home Day Facebook Group to follow and comment on the event page.

Yours in service, Jennifer Cross, President
Tilton-Northfield Old Home Day Committee

Tilton-Northfield Recreation Council

2020 was not a traditional year. The year started like most other years but on March 16th, the center closed for three months due to Covid-19. With our Executive Director and Program Director working from home, they developed a plan to reopen and after review by the State of New Hampshire, the center reopened on June 15th as an Emergency Child Care Provider. A reduced summer program was offered. Our staff worked diligently to provide for those participants we were able to serve. Moving forward to the school year, we have adapted our programs to provide day care for those in need to follow along with the school days of remote learning and in school learning. Although we have not been able to offer the remote learning from our center we are moving forward with an extensive update to our internet and phone networks to hopefully provide this in the very near future.

A few groups have returned to use our building and all have adapted to the new norm of facemasks, hand sanitizer, etc. Although we are not providing the sports and fundraisers of the past, we hope that later this year after all have been vaccinated, that we can return to the old norm.

The Pines Community Center serves the recreational needs of the residents of Tilton and Northfield, New Hampshire. The center is operated by the Tilton-Northfield Recreation Council, which is a Non Profit 501 c-3 organization. The organization is neither fully funded nor directly governed by the two towns that we serve. Approximately 22% of our budget comes from the Town of Northfield and 22% from the Town of Tilton. The Pines is left to make up the remaining money through program fees, fundraising, grants and donations.

Sincerely, Rose-Marie Welch, President

Youth Assistance Program

2020 started off well for the Youth Assistance Program. Young people were coming into the office for many different reasons; to work on juvenile diversion contracts, to take part in community service projects, to participate in educational programs or just to talk and get support. Vaping Education classes were being presented at the middle school and contacts were being made on a regular basis with middle and high school youth and their parents.

Then in March, the coronavirus quickly turned into a worldwide pandemic and life became scary, unpredictable and isolating for all of us. Our youth watched as their lives changed seemingly overnight. Schools closed along with nonessential businesses. Many parents were no longer going to work. Social activities and sporting events were no longer being held and common grocery items had become scarce. The shift to remote learning was challenging for families and although necessary continues to be a

difficult way for children to learn. All of this has resulted in an increase in referrals to YAP especially for truancy and youth support services.

During this time, the Youth Assistance Program was able to continue working and supporting youth and families remotely. Zoom meetings and phone calls helped to keep youth connected and moving forward. Juvenile Review Boards were held remotely as well. Youth under diversion contracts were able to continue their work and, with a lot of creativity, community service projects were planned and completed. As soon as it was safe to do so, we began meeting with clients outdoors and eventually were able to hold meetings at the YAP office with youth and parents. Safety protocols are adhered to while in the office and out in the community. Remote services are still an option which is frequently used.

One of our new programs this year is an online Photo Taking Group for high school students. It provides youth a social and creative outlet as they identify photo prompts and challenges each week, share pictures and have fun. Along with a motivated 7th grade student we are working on offering such a group to middle school students soon as well as Pet Talk and Fun Fitness. Our goal is to provide programs that help reduce social isolation and give kids the opportunity to give and receive support.

In closing, I would like to thank all of our wonderful volunteers who work directly with the youth on juvenile review boards and in our prevention programs. Thank you also to the volunteer board of directors for their hard work, expertise and guidance. Lastly, we are thankful for the opportunity to work in such a supportive community. Please feel free to stop by our office to learn more about the Youth Assistance Program. Best wishes for a healthy and happy year!

Sincerely, Dawn B. Shimberg, Director 286-8577

Youth Assistance Program Statistics

Court Diversion—10	Substance Abuse—9	Truancy—37
Individual Support—14	Court Ordered—4	Prevention Activities—262
Adults—25		
Total Youth Participation—311		

In this figure each youth is counted only once even if they participated in more than one activity. 137 youth and 12 adults were residents of Tilton.

2020 was a year like no other. The first quarter was normal winter maintenance; changing out meters, servicing equipment, plowing, and shoveling out hydrants. Then, in the last week of March, the Water District had to close due to the Covid-19 pandemic.

The employees continued to work remotely for the next two and a half months to keep things going. They did an awesome job! When the District reopened to a some-what normal situation, everyone returned to the office. However, the District office has remained closed to the public to ensure the safety of our customers and employees by limiting contact as much as possible. Although our doors remain locked, we are still here to assist you in any way possible.

Upon our return, the hydrants were flushed in May and October. The District started in August and completed in October installing 1,800 feet of a new 8" water main on School Street. With two large fires that destroyed a house on Bean Hill and Ciao Pasta Restaurant came two large water breaks that had to be repaired: one on Park Street/Route 132 and the other on Holmes Ave.

We would like to thank and wish the best of luck to the Water District's long time Office Manager, Cathy Deegan as she retired in June after 14 years. Thank you for your service. It was a joy to have you as part of our team.

The Water District has hired two new employees to assist with day-to-day operations. Congratulations to Kelly Ray as the new Office Assistant, and Brandon Proulx is our new Water Operator. We would also like to thank Gayle Bestick for her time as District Clerk and welcome Michele Corey as the new District Clerk.

The Water District, along with the Aqueduct Company, would like to thank all its customers, vendors, and employees for their patience and understanding in these trying times. Our goal is to insure the best possible water service with safety and quality in mind. Thank you for your support and stay safe.

John P. Chase, Superintendent

Commissioners:

2020 Fire Chief's Report

2020 was a year that I will not soon forget. With the arrival of COVID-19, TNFD had to change many of our operating and response policies. This was in an effort to protect, as best possible, the employees of the District so that we could continue to provide the excellent service we have become accustomed to. One of the changes made was the closing of the fire stations to the public. Another was that most of any meeting attendance was done virtually. Another effect from COVID-19 was that many people who needed emergency medical services refused transport to the hospital for fear of catching the virus. This resulted in a decrease in ambulance transports. Though COVID-19 seemed to be fairly well contained for most of the year, it spread rapidly throughout our community after Thanksgiving, especially in the Vets Home where it took at least 37 lives.

2020 was a record year for Tilton-Northfield Fire & EMS. Our call volume increased to 2,010 incidents for the year. Of the 2010 incidents in 2020, 1,381 were for Emergency Medical Services (EMS). EMS calls comprised 68% of our call volume.

In May of 2020, the District applied for a SAFER Grant from FEMA. The purpose the Grant is to assist the District in hiring four additional firefighters, one firefighter for each shift. The Grant is for three years. It covers 100% of the salaries and most of the health insurance costs, depending on which plan the new employee selects. The District does assume the cost for uniforms, physicals, and firefighting gear. After three years, when the Grant expires, the District can then decide if the additional employees will be retained.

The Department continues to repair, modify, and maintain of the two fire stations. At Center Street, we modified the living quarters and gear storage of the station to accommodate four firefighters per shift. All of this work was completed using fire department personnel.

District Meeting last year approved the purchase of a new engine. A committee of firefighters and officers spent several months determining the specific requirements for a new engine. Specifications were put out to bid. Sutphen Corporation was the low bidder. A contract was signed. We expect delivery sometime in the late summer, early fall of this year. I expect the new engine to be in service sometime in October.

The incidence of some types of cancer in firefighters is 2.5 times greater than that of the general public. This is due to the exposure firefighters receive during fires and other hazardous incidents. In an effort to help reduce the risk of cancer and other diseases to our staff, a plan has been put in place to remodel the Park Street bathroom to add a shower for decontamination purposes. The bathroom will also be brought up to ADA requirements.

As many people may already know, the Fire District has leased a small portion of the Park Street property to Wireless Edge, a communications tower company. The location for the tower is at the left rear of the property adjacent to the wooded area as you look at it from Park Street. Wireless Edge signed a contract with AT&T last year. The tower is currently in the permitting process. It has been through the Northfield Zoning Board of Adjustment and is moving on to the Planning Board for site plan approval. Once the permitting process is complete, the communication tower will be constructed. The primary purpose of the tower is to provide an excellent location for some of the fire department communication antennas. The tower will also host FirstNet, an exclusive to public safety broad band network. This tower can also be used for other municipal or public safety communication purposes free from rent. TNFD will collect rent from Wireless Edge once the tower is constructed.

Zack Mellett has completed his paramedic training and is now a Firefighter Paramedic assigned to Shift D. We now have a FF/Paramedic on each of our shifts.

The Call Company enrollment has slowly declined over the past year. We currently only have 10 active Members as of this writing. The decline in membership is a challenge not only here at TNFD, but also nationwide. This is due to many factors, one of which is a generational change in the increasing importance of personal and family time over community involvement. We are always looking for new people to apply for a position on our Call Company.

I want to thank the community and community organizations who have helped the Department throughout the year. I also want to thank all the employees, both career and call, who have provided excellent service to our District. The services provided within our District could not happen without the dedicated and professional work of our employees.

Finally, I want to let everyone know that if there is ever a question or comment about the Department, or if you would like a tour of our facilities, my door is always open. Please contact me so that we can discuss your concerns. It is our goal to provide a professional service with customer satisfaction and safety held in the highest regard.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Commissioners
Tilton-Northfield Fire District
Tilton, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and aggregate remaining fund information of the Tilton-Northfield Fire District as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified and adverse audit opinions.

Summary of Opinions

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Adverse
General Fund	Unmodified
Apparatus and Equipment Fund	Unmodified
Aggregate Remaining Fund Information	Unmodified

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 11-B to the financial statements, management has not recorded the long-term costs of retirement health care costs and obligations for other postemployment benefits for the single employer plan in the governmental activities. Accounting principles generally accepted in the United States of America require that those costs be recorded, which would increase the liabilities, decrease the net position and increase the expenses of the governmental activities. The amount by which this departure would affect the liabilities, net position, and expenses on the governmental activities is not readily determinable.

Tilton-Northfield Fire Precinct
Independent Auditor's Report

Adverse Opinion

In our opinion, because of the significance of the matter described in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the financial statements referred to above do not present fairly the financial position of the government-wide financial statements of the Tilton-Northfield Fire District, as of December 31, 2019, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and aggregate remaining fund information of the Tilton-Northfield Fire District as of December 31, 2019, and the respective changes in financial position and the respective budgetary comparison for the general fund and the apparatus and equipment fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information – Accounting principles generally accepted in the United States of America require that the following be presented to supplement the basic financial statements:

- Management's Discussion and Analysis,
- Schedule of the District's Proportionate Share of Net Pension Liability,
- Schedule of District Contributions – Pensions,
- Schedule of the District's Proportionate Share of the Net Other Postemployment Benefits Liability,
- Schedule of District Contributions – Other Postemployment Benefits,
- Notes to the Required Supplementary Information

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information – Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Tilton-Northfield Fire District's basic financial statements. The individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Timothy F. Pearson, Treasurer

**Village District of Tilton-Northfield Fire & EMS
New Hampshire
2020 Meeting Minutes**

Polls were opened on the 10th day of March in the year two thousand and twenty at the Pines Community Center, Dearborn Road, Northfield at seven o'clock a.m. by Moderator Scott McGuffin. The polls were closed at seven o'clock p.m. with 447 votes cast. Polls were opened on the 10th day of March in the year two thousand and twenty at the Winnisquam Regional High School, Main Street, Tilton at eight o'clock a.m. by Moderator Charles Mitchell. The polls were closed at seven o'clock p.m. with 258 votes cast.

Article 01 To choose a Fire Commissioner for the ensuing three (3) years.

Paul Auger.....615

Article 02 To choose a Moderator for the ensuing two (2) years.

Kent Finemore651

The 2020 Fire District annual meeting was called to order at 7:06 p.m. on the 13th day of July in the year two thousand and twenty at the Winnisquam Regional Middle School, Winter Street, Tilton, by Moderator Kent Finemore to act upon the following subjects.

Moderator Kent Finemore introduced the members of the Budget Committee, Commissioners, Clerks and Assistant Moderators Timothy Sattler and Kaitlin Lounsbury. Read the rules of the meeting.

Moved by Kevin Cate, seconded by Jerry Davis to adjourn this meeting until Saturday September 26, 2020 at 7:30 a.m. Mr. Cate stated that the district isn't being represented because a lot of voters are not here due to the current pandemic. Moderator Finemore opened the floor for public comments.

Discussion ensued regarding the lack of voters present, other options for people to vote on the articles, the negative effects of postponing the meeting to include the delay of a fire engine could result in the cost increasing by 2-4%. Other's felt the meeting should continue as the requirements have been met to hold this gathering and there's no end in site for this pandemic.

No further questions or comments.

Moderator Finemore asks for a voice vote on the motion, in doubt asks for a voter card vote, **15 yes, 31 no, motion failed.**

Moderator Finemore read articles 1 and 2 with the results.

Article 03 To accept the reports of the Treasurer and the Fire Commissioners and pass any vote relating thereto.

Moved by Kevin Waldron, seconded by Jerry Davis.

Moderator Finemore opened the floor for discussion.

There being none, Moderator Finemore called for a voice vote. **Article Passed.**

Article 04 To see if the District will vote to raise and appropriate the Budget Committee recommended sum of Two Million Four Hundred Four Thousand Two Hundred Fifty-Seven Dollars (\$2,404,257.00) for general municipal operations. This article does not include appropriations contained in special or individual articles addressed separately. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required)

Moved by Kevin Waldron, Seconded by Jerry Davis.

Kevin Waldron presented an amendment to Moderator.

Amendment 1: To see if the District will vote to raise and appropriate the sum of Two Million Three Hundred Twenty-five Thousand Nine Hundred Seventy-four Dollars (\$2,325,974.00) for general municipal operations. This article does not include appropriations contained in special or individual articles addressed separately. (Majority vote required)

Mr. Waldron stated that the difference is for two additional fire fighters to be removed from the budget.

Moderator Finemore opened the floor for discussion.

Chief Michael Sitar stated that he is opposed to this amendment as the department needs the additional staffing because they are finding it difficult to get the second ambulance out the door. He added that if they do not have the staff to get the second ambulance out then they will need to rely on Mutual Aid and the response time will be much longer for the caller. Budget Committee, Jason Wright stated that we cannot control the bottom line, so there is a possibility of still hiring and taking the funds away from another line item. He added that the original request was for four staff members, and it was reduced to two.

Budget Committee Member Kevin Waldron added that the idea to have two new staff was back in March. We are now in July and he feels the two new hires are not on staff and the job is still being done. He stated that there is possibly going to be a shortfall in taxes collected due to COVID and in addition adding two new staff member opens the door to collective bargaining agreements.

Members of the public stated that residents cannot afford this anymore and the constant increase is pushing people out of their homes. Discussion about lift services per year, room for additional staffing, hazards of going to calls alone, overall budget decreased from last year by 7.35%.

No further discussion, Moderator Finemore calls for a voice vote, in doubt calls for a voter card vote 21 Yes, 23 No, **Amendment 1 Fails.**

Chief Michael Sitar presents an Amendment to Moderator Finemore

Amendment 2: To see if the District will vote to raise and appropriate the Budget Committee recommended sum of Two Million Four Hundred Thirty-four Thousand Two Hundred Fifty-seven Dollars (\$2,434,257.00) for general municipal operations. This article does not include appropriations contained in special or individual articles addressed separately. (Majority vote required)

Moved by Chief Michael Sitar, seconded by Jerry Davis

Chief Michael Sitar spoke to his amendment, stating that the article is to increase the repairs to the vehicles line item, this increase is because that line has already been over expended

Kevin Waldron called out Point of Order, because the Amendment is out of order.

Moderator Finemore agreed and moved back to the original article.

Moderator Finemore opened the floor for discussion of the original article.

Scott Davis pointed out that the handouts show a difference from what is published in the Town Reports.

Motion made by Lisa Swancott to reconsider the motion to adjourn the meeting.

Moderator Finemore does not accept that motion.

Greg Hill stated that he believes the motion to adjourn can come up at anytime.

Commissioner Jon Cilley called for a Point of Order as there is a motion on the floor.

Greg Hill stated that the motion to adjourn is a higher motion.

Motion by Greg Hill, seconded by Miles Clark to adjourn the meeting to September 21, 2020 at 7:00am

Moderator Finemore opened the floor for discussion.

Discussion ensued regarding the differences in the budget and what was approved at the Public Hearing. Budget Committee member Jason Wright stated that the number in the warrant article is correct.

Clerk Stephanie Giovannucci stated that the MS-737 has the original warrant article as the correct budget total.

Kevin Cate moved to call the question.

Moderator calls for a voice vote to call the questions, not in doubt motion passes.

Moderator calls for a voice vote to adjourn the meeting, in doubt, calls for a voter card vote. 21 Yes, 27 No **Motion Fails.**

Chief Michael Sitar presents an amendment to the Moderator.

Amendment 3: To see if the District will vote to raise and appropriate the sum of Two Million Four Hundred Thirty-four Thousand Two Hundred Fifty-seven Dollars (\$2,434,257.00) for general municipal operations. This article does not include appropriations contained in special or individual articles addressed separately. (Majority vote required)

Moved by Chief Michael Sitar, seconded by Kaitlin Lounsbury

Chief Sitar stated that this amendment is to replenish the line for vehicle repairs which has already been spent.

Moderator Finemore opened the floor for discussion.

Discussion ensued about utilizing other funds to repair vehicles, and the appropriated \$160k from last year has lapsed.

No further discussion, Moderator Finemore asked for a voice vote, not in doubt, Amendment 3 Fails.

Moderator stated that we are now discussing the original article as written.

Moved by Kevin Waldron, seconded by Denny French to reconsider Amendment 1.

Moderator Finemore opened the floor for discussion.

Richard Olson asked if this article means they will not hire additional personnel. Moderator Finemore replied that this is a bottom line budget and that will be up to the Commissioners.

There being no further questions, Moderator Finemore calls for a voice vote, in doubt calls for a voter card vote, Yes 32, No 17 **Amendment 1 to Article 4 Passes.**

Moved by Kevin Waldron, seconded by Richard Olson to protect the Vote. Moderator Finemore calls for a voice vote, not in doubt **Motion Passes.**

Article 05 To see if the District will vote to raise and appropriate Four Hundred Eighty-Three Thousand Six Hundred Forty-Three Dollars (\$483,643.00) for the purpose of purchasing Fire, Rescue, EMS Equipment and Ambulance Charges, with said funds to be withdrawn from the Apparatus and Equipment Special Revenue Fund established under RSA 31:95-C (Adopted March 7, 2005). Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Moved by Brain Dumka, seconded by Jason Wright.

Commissioner Eric Pyra speaks to the article.

Moderator opens the floor for public discussion.

Discussion ensued regarding the money is collected for ambulance charges through Comstar.

There being no further discussion, Moderator Finemore closes the floor for discussion and asks for a voice vote. In doubt, Moderator Finemore asks for a voter card vote. Yes 33, No 10 **Article 5 Passes**

Article 06 To see if the District will vote to raise and appropriate the sum of Eight Hundred Eleven Thousand Four Hundred Fifty Dollars (\$811,450.00) for the purpose of purchasing a new fire engine and equipment with said funds to be withdrawn from the Apparatus and Equipment Special Revenue Fund established under RSA 31:95-C (Adopted March 7, 2005). Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Moved by Jerry Davis, seconded by Jon Cilley

Chief Michael Sitar spoke to the article stating that there are two engines that are in need of some heavy repairs, and because of that they have already expended all of their vehicles repair line in the budget and need to continue to do repairs to keep them on the road. Signing a contract this year will save the district \$25,000 on the first engine and possibly the same on the second if purchased this year.

Moderator Finemore opened the floor for discussion.

Discussion ensued about the ongoing preventative maintenance on all of the vehicles, age and miles on the vehicle being replaced being Engine 1-2001 between 80-90 thousand miles, Engine 3-2006 at 114,000 miles, current balance in fund is \$1.3 million. Chief Sitar explained the department's maintenance plan and that Engine 1 does not pass certification and Engine 3 has high mileage and when it was in an accident years ago it should have been totaled.

Discussion continued about the warrant article amount not being high enough for two engines, bids for multiple engines, cost also takes into account to fit the Center St station.

Moved by Kevin Cate, seconded by Ben Davis to call the question.

Moderator Finemore asked for a voter card vote to call the question. Yes 23, No 20 **Motion Fails as it needs 2/3rd's vote to pass.**

Chief Michael Sitar presented an amendment to the Moderator.

Amendment 1: To see if the District will vote to raise and appropriate the sum of Seven Hundred Thirty-two Thousand One Hundred Twenty-seven Dollars (\$732,127.00) for the purpose of purchasing a new fire engine and equipment with said funds to be withdrawn from the Apparatus and Equipment Special Revenue Fund established under RSA 31:95-C (Adopted March 7, 2005). Funds appropriated from this fund do not affect the tax rate. (Majority vote required.)

Moved by Scott Lewandowski, seconded by Jerry Davis.

Moderator opens the floor for discussion.

Discussion ensued about purchasing two engines when the article states to purchase “a new fire engine” and the 2005 vote where it was not approved to make payments of equipment out of the fund.

There being no further questions, Moderator calls for a voter card vote, Yes 36, No 9 **Amendment 1 to Article 7 Passes.**

Moved by Lisa Swancott, seconded by Jason Wright to protect the vote. **Motion Passes.**

Article 07 To see if the District will vote to change the purpose of the existing Apparatus & Equipment Replacement Fund as adopted in Article 11 of the 2005 District Meeting provided by RSA 31:95-C, to add "and payments towards bond(s), loan(s) or promissory note(s) for the construction, renovation or addition to building(s) used by the District to provide for the services of the District". This article is recommended by the Board of Commissioners and Budget Committee. (2/3 Majority vote required.)

Moved by Jerry Davis, seconded by Jon Cilley

Commissioner Paul Auger speaks to the article.

Kevin Waldron presents an amendment to Moderator Finemore.

Amendment 1: To see if the District will vote to change the purpose of the existing Apparatus & Equipment Replacement Fund as adopted in Article 11 of the 2005 District Meeting provided by RSA 31:95-C, to add "and payments towards bond(s), loan(s) or promissory note(s) for the construction, renovation or addition to building(s) used by the District to provide for the services of the District and not-routine repair of wheeled apparatus". (2/3 Majority vote required.)

Moved by Kevin Waldron, seconded by Peter Fogg

Kevin Waldron speaks to the amendment, stating this will allow non-routine maintenance to come from the fund instead of it all coming from the budget. He added that the money has already been spent out of this fund without the vote from the voters, and feels this is wrong.

Moderator Finemore opened the floor for public discussion.

Commissioner Jon Cilley stated that the district meeting was to be held on March 13th, but due to COVID-19 the district has had to postpone the meeting several times. Emergency order #23 set by the Governor allowed the district to expend from the fund because the end of the life on the equipment was coming up on May 1st and we could not send our staff out to a call with expired equipment.

There being no further questions, Moderator called for a voice vote on Amendment 1, not in doubt **Amendment Fails.**

Moved by Laurie Hill, seconded by Janice Cate to call the question.

Moderator asks for a voice vote to call the question, not in doubt, **Motion Passes.**

Moderator calls for a voter card vote on the original Article 7. Moderator not in doubt once cards are raised, no count taken. **Article 7 Fails**

Moved by James Swancott, seconded by Catherine Dawson to protect the vote. **Motion Passes.**

Article 08 Health Insurance Deductible ETF To see if the District will vote to raise and appropriate the sum of One Thousand Six Hundred Dollars (\$1,600.00) for the purpose of adding to the existing health insurance deductible expendable trust fund with said funds to be withdrawn from the Unassigned Fund Balance. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Moved by Paul Blaisdell, seconded by Jason Wright

Moderator Finemore opens the floor for public discussion.

Discussion ensued regarding desired amount being \$5500 in the fund and last year they spent \$1600 which this article is to replenish the fund. Chief Sitar explained the process to utilizing the fund for medical deductibles for staff reimbursements.

There being no further questions, Moderator calls for a voice vote, not in doubt **Article Passes.**

Article 09 To see if the District will vote to raise and appropriate the sum of Eight Thousand Seven Hundred Thirty-Four Dollars (\$8,734.00) for the purpose of adding to the existing Fire Prevention Expendable Trust Fund

with said funds to be withdrawn from the Unassigned Fund Balance. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Moved by Jon Cilley, seconded by Jason Wright

Commissioner Jon Cilley spoke to the article.

Moderator opened the floor for public discussion.

There being none, called for a voice vote, Moderator is not in doubt, **Article Passes.**

Article 10 To see if the District will vote to raise and appropriate the sum of Seven Thousand Five Hundred Twenty Dollars (\$7,520.00) for the purpose of purchasing materials, tools, and equipment related to public education, code enforcement, training, etc. with said funds to be withdrawn from the Fire Prevention Expendable Trust Fund. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Moved by Jason Wright, seconded by Jerry Davis

Commissioner Jon Cilley spoke about the article explaining what the district purchases utilizing these funds.

Moderator Finemore opened the floor for public discussion.

Discussion ensued regarding the use of the fund since schools are closed and trainings are cancelled. Chief Sitar stated that the fund is not only used for schools, they also go to the Senior Center, and put on other training programs, plus service elderly in need, current funds are about \$16,000. Julie Petty stated that the District did go to First Student and trained all of the bus drivers on how to use the equipment on the bus for emergencies.

There being no further question, Moderator called for a voice vote, in doubt called for a voter card vote.

Yes 23, No 16, **Article 10 Passes**

Article 11 To see if the District will vote to raise and appropriate the sum One Hundred Sixty-Six Thousand One Hundred Fifty Dollars (\$166,150.00) for the purpose of design, engineering, and architectural fees associated with the construction, addition, and/or renovation of a fire station or fire stations. This special warrant article will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the building(s) is completed. This sum to come from the Unassigned Fund Balance. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Moved by Jason Wright, seconded by Kaitlin Lounsbury

Commissioner Jon Cilley spoke to the article.

Moderator Finemore opened the floor for public discussion.

Discussion ensued regarding how it will be decided to spend from this fund, if this article fails the money will go back into the unassigned fund balance. The funds are to be used towards a new fire station that is looking to be proposed next year.

There being no further questions, moderator asked for a voter card vote. Yes 15, No 20 **Article 11 Fails**

Article 12 To see if the District will vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000.00) to be added to the Land & Building Capital Reserve Fund previously established. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Moved by Eric Pyra, seconded by Jerry Davis

Commissioner Eric Pyra speaks to the article adding that this is a yearly maintenance item.

Lisa Swancott presented an amendment to the Moderator

Amendment 1: To see if the District will vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000.00) to be added to the Land & Building Capital Reserve Fund previously established. This sum to come from the Unassigned Fund Balance. Funds will not affect the tax rate.

Moved by Lisa Swancott, seconded by Kevin Waldron

Moderator opened the floor for public discussion.

Discussion ensued about making the amount \$166k to incorporate some of the previous article.

No further questions Moderator calls for a voice vote, not in doubt **Article 12 as Amended Passes**

Article 13 To see if the District will vote to establish a Communications Tower Expendable Trust Fund per RSA 31:19-a, for the tower income to be used to offset costs for repairs, maintenance, construction costs and bonds of fire stations and to raise and appropriate One Dollar (\$1.00) to put in the fund, with this amount to come from Unreserved Fund Balance; further to name the Board of Commissioners as agents to expend from said fund. Future funding will come from the Communication Tower income collected. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Moved by James Swancott, seconded by Kevin Waldron to Table the article.

Moderator calls for a voice vote, in doubt, calls for a voter card vote, Yes 16, No 13, **Motion Fails** as it needs a 2/3rd vote to pass.

Moved by Kevin Waldron, seconded by Jerry Davis

Commissioner Auger speaks to the article stating that the tower is being proposed to be built behind the Fire Station on Park Street.

Moderator opened the floor for public discussion.

Discussion ensued about creating a fund before the tower is built or approved to be built, Commissioners being able to expend from the fund without being voted on.

No further questions, Moderator calls for a voice vote, in doubt calls for a voter card vote. Yes 12, No 18 **Article 13 Fails.**

Article 14 To see if the District will vote to establish a contingency fund per RSA 31:98-a and raise and appropriate Twenty-Four Thousand Seven Hundred Ten Dollars (\$24,710.00) to put in the fund. This sum to come from the Unassigned Fund Balance. Any appropriation left in the fund at the end of the year will lapse to the general fund. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Moved by Jason Wright, seconded by Jerry Davis

Commissioner Eric Pyra spoke to the article, stating that this fund is the put money aside for district short comings, and if not used would go back into the general fund.

Moderator opened the floor for public discussion.

There being none, closed the floor for discussion and called for a voice vote, in doubt called for a voter card vote. Yes 11, No 17 **Article 14 Fails**

Article 15 To transact any other business that may legally come before the meeting.

Moderator Finemore opened the floor for other discussions.

Lisa Swancott, stated that she feels the Commissioners should utilize the Unassigned Fund Balance more to reduce taxes. Kaitlin Lounsbury, asked the voters to check out the District's website to view the plans for the soon to be proposed fire station.

Paul Blaisdell, thanked all of the volunteers on the committees and encouraged more participation.

Kent Finemore, thanked the Supervisors of the Checklist for all the work they do for the elections and meetings.

Kevin Waldron, stated that tonight the District decided to purchase a new fire truck but the Commissioners are not obligated to purchase a specific kind, and encourage them to look at all options.

Moved by Kaitlin Lounsbury, seconded by Brian Dumka to adjourn the meeting. Motion Passed.

Meeting adjourned at 11:35 p.m.

Respectfully submitted;

Stephanie Giovannucci, District Clerk

Tilton-Northfield Fire

The inhabitants of the Tilton-Northfield Fire District in the state of New Hampshire qualified to vote in District affairs are hereby notified that the Annual District Meeting will be held as follows:

Date: March 15, 2021
Time: 7:00 P.M.
Location: Winnisquam Regional High School Cafetorium
Details: 435 West Main Street, Tilton, NH

GOVERNING BODY CERTIFICATION

We certify and attest that on or before February 22, 2021, a true and attested copy of this document was posted at the place of meeting and at Hall Memorial Library, Northfield Town Hall, Tilton Town Hall and that an original was delivered to the Tilton-Northfield Fire District Clerk.

[illegible]

Article 01 Choose Fire Commissioner

To choose a Fire Commissioner for the ensuing three (3) years. (Actual voting to be by official ballot on Tuesday, March 9, 2021, at the annual Town voting sessions in Tilton and Northfield at their respective polling places and times.)

Article 02 Choose Treasurer

To choose a Treasurer for the ensuing three (3) years. (Actual voting to be by official ballot on Tuesday, March 9, 2021, at the annual Town voting sessions in Tilton and Northfield at their respective polling places and times.)

Article 03 Choose Clerk

To choose a Clerk for the ensuing three (3) years. (Actual voting to be by official ballot on Tuesday, March 9, 2021, at the annual Town voting sessions in Tilton and Northfield at their respective polling places and times.)

Article 04 Accept reports of Treasurer and Commissioners

To accept the reports of the Treasurer and the Fire Commissioners and pass any vote relating thereto.

Article 05 Add to Land & Building Fund

To see if the District will vote to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000.00) to be added to the Land & Building Capital Reserve Fund previously established. This sum to come from the Unassigned Fund Balance. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 06 Design, Engineering & Architectural Fees

To see if the District will vote to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000.00) for the purpose of design, engineering, and architectural fees associated with the construction, addition, and/or renovation of a fire station or fire stations. This special warrant article will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the building(s) is completed. This sum to come from the Unassigned Fund Balance. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 07 Land Purchase

To see if the District will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for the purpose of purchasing a piece of land adjacent to 149 Park Street in Northfield labeled as New Parcel A on a plan drawn by Joseph M. Wichert LLS, Inc. Land Surveyor from the New Hampshire Department of Transportation with said funds to come from the Unassigned Fund Balance. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required)

Article 08 Fire Prevention ETF

To see if the District will vote to raise and appropriate the sum of Ten Thousand Four Hundred Ninety-Nine Dollars (\$10,499.00) for the purpose of adding to the existing Fire Prevention Expendable Trust Fund with said funds to be withdrawn from the Unassigned Fund Balance. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 09 Fire Prevention Budget

To see if the District will vote to raise and appropriate the sum of Seven Thousand Eighty-Five Dollars (\$7,085.00) for the purpose of purchasing materials, tools, and equipment related to public education, code enforcement, training, etc. with said funds to be withdrawn from the Fire Prevention Expendable Trust Fund. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 10 Health Insurance Deductible ETF

To see if the District will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000.00) for the purpose of adding to the existing Health Insurance Deductible Expendable Trust Fund with said funds to be withdrawn from the Unassigned Fund Balance. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 11 Communications Tower ETF

To see if the District will vote to establish a Communications Tower Expendable Trust Fund per RSA 31:19-a, where fifty percent (50%) of the tower revenue from the previous year shall be used to offset the operating budget in the following year and fifty percent (50%) of the tower revenue shall be used to offset costs for repairs, maintenance, construction costs and bonds of fire stations, radio communication infrastructure and to raise and appropriate One Dollar (\$1.00) to put in the fund, with this amount to come from Unassigned Fund Balance; further to name the Board of Commissioners as agents to expend from said fund. Future funding will come from the Communication Tower income collected. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 12 Establish Contingency Fund

To see if the District will vote to establish a contingency fund per RSA 31:98-a and raise and appropriate Twenty-Three Thousand Two Hundred Seventy-Four Dollars (\$23,274.00) to put in the fund. This sum to come from the Unassigned Fund Balance. Any appropriation left in the fund at the end of the year will lapse to the general fund. Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 13 Pressurized Hydrants

To see if the District will vote to authorize the Commissioners to enter into a five-year agreement (beginning January 1, 2021, and ending December 31, 2025) in the amount of Six Hundred Twenty-Nine Thousand Nine Hundred Forty-Two Dollars (\$629,942.00) for the purpose of providing pressurized hydrant services necessary for fire suppression and raise and appropriate the annual cost of One Hundred Twenty-Five Thousand Nine Hundred Eighty-Eight Dollars (\$125,988.00) for this year. This agreement contains an escape clause and is a special warrant article. This article is recommended by the Board of Commissioners and is not recommended by the Budget Committee. (Majority vote required.)

Article 14 Apparatus & Equipment Fund Budget

To see if the District will vote to raise and appropriate One Hundred Twenty-Nine Thousand One Hundred Eighty-Five Dollars (\$129,185.00) for the purpose of purchasing Fire, Rescue, EMS Equipment and Ambulance Charges, with said funds to be withdrawn from the Apparatus and Equipment Special Revenue Fund established under RSA 31:95-C (Adopted March 7, 2005). Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 15 New Fire Engine

To see if the District will vote to raise and appropriate the sum of Seven Hundred Twenty Thousand Dollars (\$720,000.00) for the purpose of purchasing a new fire engine and equipment with said funds to be withdrawn from the Apparatus and Equipment Special Revenue Fund established under RSA 31:95-C (Adopted March 7, 2005). Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 16 New Ambulance

To see if the District will vote to raise and appropriate the sum of Two Hundred Eighty-Five Dollars (\$285,000.00) for the purpose of purchasing a new ambulance and equipment with said funds to be withdrawn from the Apparatus and Equipment Special Revenue Fund established under RSA 31:95-C (Adopted March 7, 2005). Funds appropriated from this fund do not affect the tax rate. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 17 Operating Budget

To see if the District will vote to raise and appropriate the Budget Committee recommended sum of Two Million Five Hundred Eighty-Nine Thousand Two Hundred Sixteen Dollars (\$2,589,216.00) for general municipal operations. This article does not include appropriations contained in special or individual articles addressed separately. This article is recommended by the Board of Commissioners and Budget Committee. (Majority vote required.)

Article 18 Transact any other business

To transact any other business that may legally come before the meeting.

Proposed Budget

Tilton-Northfield Fire

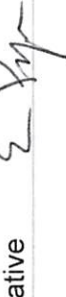

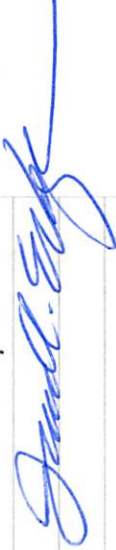

For the period beginning January 1, 2021 and ending December 31, 2021

Form Due Date: 20 Days after the Annual Meeting

This form was posted with the warrant on: February 22, 2021

Report of Forest Fire Warden and State Forest Ranger

This year we experienced challenging wildfire conditions which led to deep burning fires in remote locations that were difficult to extinguish. Your local fire departments and the Division of Forests & Lands worked throughout the year to protect homes and the forests. The statewide system of 16 fire lookout towers continues to operate on high fire danger days. The towers' fire detection efforts are supplemented by the NH Civil Air Patrol when the fire danger is especially high.

Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

Between COVID-19 and the drought conditions, 2020 was a unique year. The drought conditions led to the need to have a Proclamation from the Governor, which banned much of the outdoor burning statewide. This, along with the vigilance of the public, helped to reduce the number of serious fires across New Hampshire. However, the fires which we did have burned deep and proved difficult to extinguish due to the lack of water. While the drought conditions have improved, we expect many areas of the state to still be experiencing abnormally dry and drought conditions this spring. For this reason, we ask everyone to remember Smokey's message about personal responsibility and follow his ABC's: Always Be Careful with fire. If you start a fire, put it out when you are done. **"Remember, Only You Can Prevent Wildfires!"**

As we prepare for the 2021 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. Fire permits are also available online in most towns and may be obtained by visiting www.NHfirepermit.com. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services (DES). You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nh.gov/nhdfl/. For up to date information, follow us on Twitter: @NHForestRangers
